INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF HUMAN SERVICES EXPENDITURES

June 19, 2015

Board of Commissioners County of Cambria Ebensburg, Pennsylvania

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, Pennsylvania as of and for the year ended December 31, 2014, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 19, 2015. These financial statements are the responsibility of the County of Cambria management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the component units, all of which are discretely presented component units.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Cambria Library Association and Behavioral Health of Cambria County, both discretely presented component units, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedules of Expenditures of Federal Awards and Commonwealth of Pennsylvania Department of Human Services Awards are presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the Pennsylvania Department of Human Services *Single Audit Supplement,* and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the management of the County of Cambria, the Commonwealth of Pennsylvania Department of Human Services, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF TRANSPORTATION SUPPLEMENTARY SCHEDULE

June 19, 2015

Board of Commissioners County of Cambria Ebensburg, Pennsylvania

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, as of and for the year ended December 31, 2014, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 19, 2015. These financial statements are the responsibility of the County of Cambria management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the component units, all of which are discretely presented component units. Those financial statements were audited by other auditors, including Wessel & Company, acting separately, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the component units, is based solely upon the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Cambria Library Association, Cambria County Economic Development Authority, Cambria County Solid Waste Management Authority, Cambria County Conservation and Recreation Authority, and Behavioral Health of Cambria County, discretely presented component units, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Commonwealth of Pennsylvania Department of Transportation Supplementary schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the management of the County of Cambria, the Commonwealth of Pennsylvania Department of Transportation, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

June 19, 2015

Board of Commissioners County of Cambria Ebensburg, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of the Cambria, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 19, 2015. The financial statements of the Cambria Library Association, Cambria County Economic Development Authority, Cambria County Solid Waste Management Authority, Cambria County Conservation and Recreation Authority, and Behavioral Health of Cambria County, discretely presented component units, were not audited in accordance with Government Auditing Standards and, accordingly, this report does not extend to those component units. We did not audit the financial statements of the component units, all of which are discretely presented component units. Those financial statements were audited by other auditors, as described in our report of the County of Cambria's financial statements. However, this report, insofar as it relates to the results of the other auditors, is based solely upon the reports of the other auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Cambria's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Cambria's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Cambria's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County of Cambria's financial statements will be prevented, or detected and corrected on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2014-01 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Cambria's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2014-02 and 2014-03.

County's Response to Findings

The County of Cambria's response to the finding identified in our audit is described in the accompanying Corrective Action Plan. The County of Cambria's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County of Cambria's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Cambria's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AS REQUIRED BY OMB CIRCULAR A-133 AND THE DEPARTMENT OF HUMAN SERVICES SINGLE AUDIT SUPPLEMENT

June 19, 2015

Board of Commissioners County of Cambria Ebensburg, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited the County of Cambria's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* and the Pennsylvania Department of Human Services (DHS) *Single Audit Supplement* that could have a direct and material effect on each of the County of Cambria's major federal and Pennsylvania DHS programs for the year ended December 31, 2014. The County of Cambria's major federal and Pennsylvania DHS programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and Pennsylvania DHS programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Cambria's major federal and Pennsylvania DHS programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and Pennsylvania DHS Single Audit Supplement. Those standards, OMB Circular A-133, and the Pennsylvania DHS Single Audit Supplement, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or Pennsylvania DHS program occurred. The financial statements of the Cambria Library Association, Cambria County Economic Development Authority, Cambria County Solid Waste Management Authority, Cambria County Conservation and Recreation Authority, and Behavioral Health of Cambria County, discretely presented component units, were not audited in accordance with Government Auditing Standards and, accordingly, this report does not extend to those component units. An audit includes examining, on a test basis, evidence about the County of Cambria's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and Pennsylvania DHS program. However, our audit does not provide a legal determination of the County of Cambria's compliance.

Basis for Qualified Opinion on CFDA #93.044/93.045/93.053 and CFDA #93.558

As described in the accompanying schedule of findings and questioned costs, the County of Cambria did not comply with requirements regarding CFDA #93.044, #93.045, #93.053 Aging Cluster as described in 2014-02 for Eligibility and CFDA #93.558 TANF as described in 2014-03 for Subrecipient Monitoring for the year ended December 31, 2014. Compliance with such requirements is necessary, in our opinion for the County of Cambria to comply with the requirements applicable to that program.

Qualified Opinion on CFDA #93.044/93.045/93.053 and CFDA #93.558

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, County of Cambria complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on CFDA #93.045/93.053 and CFDA #93.558 for the year ended December 31, 2014.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the County of Cambria complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs for the year ended December 31, 2014.

Report on Internal Control over Compliance

Management of the County of Cambria is responsible for establishing and maintaining effective internal control over compliance with the requirements referred to above. In planning and performing our audit of compliance, we considered the County of Cambria's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or Pennsylvania DHS program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and Pennsylvania DHS program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Pennsylvania DHS, but not for the purpose of expressing an opinion on the effectiveness of the internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Cambria's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2014-02 and 2014-03 to be material weaknesses.

The County of Cambria's responses to the internal control over compliance findings identified in our audit is described in the accompanying Corrective Action Plan. The County of Cambria's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

This purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

FINDINGS - FINANCIAL STATEMENT AUDIT

MATERIAL WEAKNESS AND NONCOMPLIANCE

Finding 2014-01: Budget Administrative and Appropriations

<u>Criteria:</u> In accordance with the Pennsylvania County Code, Article XVII Section 1783, "the budget shall reflect as nearly as possible the estimated revenues and expenditures for the year for which it is prepared. The commissioners shall, upon adopting the budget, adopt the appropriation measures required to put it into effect, and shall fix such rate of taxation upon the valuation of the property taxable for county purposes as will, together with all other estimated revenues of the county, excluding operating, capital and other reserve funds, raise a sufficient sum to meet the said expenditures."

<u>Condition:</u> Actual real estate tax revenue recognized within the general fund was \$2,022,024 less than what was budgeted.

<u>Effect:</u> As of December 31, 2014, the total fund balance of Governmental Fund Types was a deficit balance of (\$541,947). This was mainly the result of the General Fund reporting expenditures greater than revenue of \$1,648,532.

<u>Recommendation:</u> We recommend that the internal control procedures and approach to the budgetary preparation and monitoring process be reviewed to ensure that these issues are addressed in future budgets.

FINDINGS - FINANCIAL STATEMENT AUDIT

Material Weakness and Noncompliance 2014-01 Contact Person: Commissioner's Office

Date for Completion: December 31, 2015

Recommendation:

We recommend that the internal control procedures and approach to the budgetary preparation and monitoring process be reviewed to ensure that these issues are addressed in future budgets.

Action Taken or Planned:

The issue creating the increased budget amount was appropriately corrected in the 2015 budget preparation. Additionally, management anticipates exploring new budgetary/accounting software as the administrators often find the current software difficult to use effectively. A change in current software would not only mean an ease of use issue for county management, but has the potential of saving the county approximately \$50,000.00 (fifty thousand dollars) a year because the current software is costing the county over \$80,000.00 (eighty thousand dollars) a year and is no longer being actively supported by the owning company. In recent years, the County has not cut services while maintaining a budget that would not increase the tax rate. However, another issue affecting the county's cash flow issues at the end of calendar year is the fact that funding for the civil service (that was previously received annually at the beginning of the year) is now received quarterly from the Commonwealth of Pennsylvania, or in many cases doesn't flow-through the County and is received directly by the service providers. We bring attention to the following longer-term financial highlights in light of the current budget deficit:

- Standard & Poor's has stated twice that Cambria County is in better financial shape than in more than a decade, which is evidenced by the improved bond rating of BBB (Stable) received during the issuance of the 2014 General Obligation Bonds
- The County has paid down more than \$8,000,000 in debt over the past four years
- The County has not raised taxes, keeping theme with the current leadership's philosophy that there are few business opportunities associated with increasing taxes.
- Significant real estate that previously wasn't in taxation will now be in taxation. The region's
 largest health care provider, Conemaugh Health Systems, was purchased by Duke Lifepoint, a
 for-profit entity. Real estate tax revenue anticipated from Duke Lifepoint is expected to be
 approximately \$1,300,000 for the year ending December 31, 2015 and \$1,100,000 for
 subsequent years.
- The County's pension fund has moved from 78.5% funded as of December 31, 2011 to 91.44% funded as of December 31, 2014, which includes the impact of implementing Government Accounting Standards Board Statement Number 67. Had the issuance of this Statement not occurred in the current year, the funded status of the plan could be greater than its current status.

The above items should be taken into consideration when evaluating the County's overall financial footing. Putting Cambria County on sound financial footing is the most important thing the County can do to not only attract new business to the area, but also support the established businesses already doing business within the County. It is the businessmen and industry that create jobs, it is the government's job to make sure that these businessmen have an environment conducive to creating these jobs.

Material Weakness and Noncompliance

2014-02

Program: Aging Cluster

CFDA #: 93.044, 93.045, 93.053

Contact Person: Area Agency on Aging Administrator

Date for Completion: December 31, 2015

Recommendation:

We recommend the County review job responsibilities to ensure that the re-determinations are completed in a timely manner.

Action Taken or Planned:

Assessment time frames are being monitored carefully by using assessment reports in SAMs and providing overtime for care managers with high caseloads to enable them to complete timely reassessments. The agency's organizational structure is being analyzed and compared to state staffing recommendations which, if implemented, would more equitably distribute work facilitating timely reassessments

Material Weakness and Noncompliance

2014-03

Program: TANF CFDA #: 93.558

Contact Person: Children and Youth Administrator

Date for Completion: December 31, 2015

<u>Recommendation:</u> We recommend the County obtain audit reports timely and perform regular monitoring activities for all subrecipients.

Action Taken or Planned:

The Cambria County Contract Specialist inadvertently notified the provider that since they were under the \$500,000 threshold an audit did not need to be done. During the county audit process for CYS the audit was requested. The provider had the audit completed and submitted by the monitoring was not able to take place at that time. Since then the monitoring has been completed. The Cambria County Contract Specialist now understands that we should have audits for all subrecipients and regular monitoring activities need to be completed in a timely manner.
