MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

This section of the County of Cambria's annual financial report provides the reader with an introduction to the basic financial statements and an analytical overview of the financial activities for the year ended December 31, 2008. It is best understood if read in conjunction with accompanying basic financial statements, notes to the financial statements, and supplementary information. The Management Discussion and Analysis section of the financial report began with the implementation of Statement No. 34 of the Governmental Accounting Standards Board, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* (GASB 34). The intent of the Management Discussion and Analysis is to focus on the current year's activities and resulting changes in the County's financial position. It also includes currently known facts that may have a significant impact on the County's financial position.

GASB 34 establishes the required elements of the general purpose external financial report as:

- Management's Discussion and Analysis
- Basic Financial Statements
 - *Government-wide Financial Statements*
 - *Fund Financial Statements*
 - *Notes to the Financial Statements*
- Required Supplementary Information

OVERVIEW OF THE FINANCIAL REPORT

Cambria County's reporting entity is comprised of the primary government and its component units. Component units are legally separate organizations for which the County is financially accountable, or for which, there is a significant relationship.

Government-wide Financial Statements

The government-wide financial statements provide information on governmental and business-type activities excluding fiduciary activities in a manner similar to the private sector. The statements are prepared using the accrual basis of accounting. Revenues and expenses are taken into account when earned or incurred regardless of when cash is received or paid.

Governmental and business-type activities are reported in separate columns which add to a total for the Primary Government. The government-wide financial statements also include segregated information for entities known as Component Units. Component Units are legally separate units for which the County has financial accountability. Cambria County has ten component units – Planning Commission, Redevelopment Authority, Library Association, Airport Authority, Transit Authority, Solid Waste Management Authority, Conservation and

Recreation Authority, Pennsylvania Highlands Community College, War Memorial Arena Authority, and Behavioral Health of Cambria County.

The statement of Net Assets reports all assets and liabilities, both current and non-current, with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as one indicator of whether the County's financial position is improving or deteriorating. Additionally, non-financial factors, such as changes in the real estate tax base or the condition of County facilities, should be considered to assess the overall financial condition of the County.

The Statement of Activities shows the extent to which program revenues offset the expenses of governmental and business-type activities. This is intended to summarize and simplify users' analysis of the cost of various governmental services and/or subsidy to business-type activities. The statement also reports the change in net assets as a result of the fiscal year's revenue and expenses. The governmental activities included in the statement reflect Cambria County's basic services, including general government, judicial government, public safety, public works, human services, culture and recreation, conservation and development, and debt service. Taxes, charges for services, and intergovernmental revenues primarily finance these services. The primary government has four business-type activities – Laurel Crest Rehabilitation and Special Care Center, Laurel Crest D.M.E. Fund, Central Park Complex, and Cambria Connected. For Laurel Crest, the County operated nursing home, fees are charged directly or through third party billing to fund the cost of operating the facility. The Central Park Complex generates rental income from the agencies and tenants that occupy the building to help offset the operating costs. Cambria Connected collects fees from businesses, residents, schools, and municipalities for broadband internet access.

Fund Financial Statements

Traditional users of governmental financial statements will find the fund financial statements more familiar. A fund is a separate fiscal and accounting entity that is used to segregate sources and uses of funding for specific purposes. Cambria County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the County are divided into three categories – governmental, proprietary, and fiduciary. Each category is reported using the measurement focus and basis of accounting required for that category.

Governmental Funds:

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide Statement of Activities. However, unlike the government-wide statements, the governmental fund statements focus on current sources and uses of expendable resources available at the end of the year.

Cambria County has thirty-one individual governmental funds. Of these funds, four have been identified as major funds based on minimum criteria set forth in GASB 34. The major governmental funds reported in the financial statements for the County are the General Fund, the Capital Projects Fund, the Mental Health/Mental Retardation Fund, the Health Choices Fund, and the 9-1-1 Emergency Communications Fund. The non-major funds reported in the financial statements are – Debt Service, Hotel Tax, Redevelopment Authority, Liquid Fuels Tax, Children & Youth Services Fund, Domestic Relations, Drug and Alcohol, Detention/Emergency Shelter, Juvenile Probation, Area Agency on Aging, Human Services, Foster Grandparents, Farmland Preservation, Driving Under the Influence, Substance Abuse, Jail/Detention, Affordable Housing, Chesapeake Bay, Dirt and Gravel Road, Prothonotary Automation, Clerk of Courts Automation, Register of Wills Automation, County Records Improvement, Hazardous Materials Emergency Response Account (HMER), Parks & Playgrounds, and Special Hazardous Assistance Response Team (SHARP).

Proprietary Funds:

Proprietary funds (Enterprise Funds) are financed and operated in a manner similar to private business enterprises in which costs are recovered primarily through user charges. Cambria County maintains four different types of proprietary funds that utilize the accrual basis of accounting. An enterprise fund is used to report the same functions as presented in a business-type activity in the government-wide financial statements. As stated before, the County has four enterprise funds – Laurel Crest Rehabilitation and Special Care Center, Laurel Crest DME, Central Park Complex, and Cambria Connected.

Fiduciary Funds:

Fiduciary funds are used to account for resources held for the benefit of the parties outside of the government. Cambria County is responsible for ensuring that the assets of these funds are used for the intended purposes. The County is the trustee, or fiduciary, for the following funds – Retirement Trust, Non-AFDC IRS, Prison Resident, Prison Canteen, Recorder of Deeds, Register of Wills, Sheriff's Office, Office of the Prothonotary, Clerk of Courts, Domestic Relations Support, Intermediate Punishment Unit, and Workers' Compensation. Fiduciary activities are reported in a manner similar to proprietary funds in a Statement of Fiduciary Net Assets and a Statement of Changes in Fiduciary Net Assets. Fiduciary funds are excluded from the government-wide financial statements because the assets of these funds are not available to support Cambria County's programs.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes immediately follow the financial statements.

Real estate taxes generated \$27.5 million in governmental activities revenue in 2008. In addition, the County levies a 3% hotel lodging tax. Proceeds from the hotel tax are primarily used to assist in tourist promotional activities of the Cambria County Visitors and Convention Bureau. For the year ending 2008, the hotel tax receipts amounted to \$385,705. Cambria County also receives payments in lieu of taxes from various sources. The County received \$110,110 in payments in lieu of taxes in 2008.

Funds Financial Analysis

As noted previously, Cambria County uses fund accounting to comply with finance-related legal requirements.

Governmental Funds: The accounting focus of the County's governmental funds, which include the Major Funds of the General Fund, Capital Projects Fund, Mental Health/Mental Retardation Fund, Health Choices Fund, and 911 Emergency Communications Fund, is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is valuable in assessing the County's financing requirements. In particular, unrestricted fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year.

At December 31, 2008, the General Fund reported a fund balance of \$8.4 million, which was an increase of \$6.1 million or 270.8% from the prior year's fund balance of \$2.3 million. For 2008, revenues and other financing sources exceeded expenditures and other financing uses by \$6,141,048.

The Capital Projects Fund is utilized to track expenses related to certain capital projects within the County. The primary source of funds is loan proceeds and grants from federal or state agencies. The fund balance at the end of 2008 was \$1.0 million. This was a decrease of \$8,544 or 0.8% from December 31, 2007.

The Mental Health/Mental Retardation (MH/MR) special revenue fund maintains no fund balance. Revenues in the MH/MR fund increased to \$27.5 million from \$26.2 million in 2008, an increase of \$1.3 million or 5.0%.

The Health Choices Fund was added as a major governmental fund for 2008. The fund maintains a zero fund balance. Revenues in the Health Choices Fund increased \$14.5 million or 105.6% from 2007.

The 911 Emergency Communication Fund reported a fund balance of \$102,853 on December 31, 2008. This was an increase of \$319,516 or 147.5% from 2007. The revenue for the 911 Emergency Communication Fund increased \$21,885 or 1.0% to \$2,301,154 in 2008.

Proprietary Funds: Cambria County maintains four proprietary funds. Two of the funds relate to the operations of Laurel Crest Rehabilitation and Special Care Center. They are the Laurel Crest Manor Fund and the Laurel Crest D.M.E. Fund. The third proprietary fund is the Central Park Complex Fund. Created in 2007, the fourth proprietary fund is the Cambria Connected Fund. The fund financial statements for the business-type activity enterprise fund contain the same information as the government-wide statements but in greater detail.

On December 31, 2008, total net assets of the Laurel Crest Manor fund were \$(4.4) million, a decrease of \$4.5 million. The unrestricted net assets of this fund were \$(8.9) million and the investment in capital assets net of related debt was \$4.5 million. The December 31, 2007 net asset balance was restated to reflect the reversal of a liability in the amount of \$249,969 related to a buyout provision in the pharmacy operations contract. The contractor released Laurel Crest from the liability. The Laurel Crest D.M.E. fund total net assets amounted to \$20,166 on December 31, 2008. This reflects a decrease in net assets in the amount of \$75,080 from the beginning of the year. On June 25, 2009, the County entered into an agreement with Marcus & Millichap Real Estate Investment Services to investigate the operational improvement and potential sale of Laurel Crest.

The net assets of the Central Park Complex (CPC) fund were \$0 on December 31, 2008. The net assets reflect that \$190,079 was unrestricted and \$(190,079) was invested in capital assets net of related debt netting to a zero balance in the fund. The county transferred \$91,831 from the CPC fund to the general fund for 2008.

The Cambria Connected fund was created to account for activities related to the County's multi-service communications network. The network provides voice, video, and high-speed data communications to businesses, residents, educational institutions, and government. The net assets of the Cambria Connected fund were \$(199,388) on December 31, 2008. The unrestricted net assets was \$(515,389) and the investment in capital assets net of related debt was \$316,001.

Highlights of the amounts expended during 2008 for major capital assets include:

The steam line was constructed during the late 1980's in a cooperative agreement with Cambria Cogen to utilize the steam generated by the cogeneration plant to heat county facilities. Repairs amounted to \$645,891 during 2008. The repairs were completed during 2009.
- During 2007, the County began construction of network infrastructure to support public safety/9-1-1 communication needs and to provide broadband internet availability to businesses, residents, educational institutions, and government within the County. In addition, the network will have Wi-Fi capabilities at various locations throughout the County. Expenditures for this project amounted to \$8.3 million during 2007 and \$2.5 million during 2008. Construction continued into 2009.

- In 2005, the County was awarded \$8.6 million in grant funding for improvements to Laurel Crest Rehabilitation and Special Care Center. The funding awarded through the County Commissioners Association of Pennsylvania (CCAP) using intergovernmental transfer funds, will be used for facility updates and additional acute care services. Construction began during 2006 and was completed in 2008.

Additional detailed information on the County's capital assets can be found in Note 6 of the Notes to the Financial Statements.

Long-term Debt:

The Commonwealth of Pennsylvania Local Government Unit Debt Act governs the amount of bonded indebtedness the County can incur. Under this act, the County can legally incur nonelectoral debt equal to three hundred percent of its borrowing base. The borrowing base is calculated as one third of total revenues for the past three years minus certain statutory deductions.

As of December 31, 2008, Cambria County had outstanding debt and capital lease obligations of \$70.7 million. During 2008, the County's general obligation bonds, notes and capital leases increased by \$3.6 million or 5.4%.

On November 18, 2008, the County received court approval to issue a general obligation note in the amount of \$6 million for unfunded debt incurred in the operation of Laurel Crest Rehabilitation and Special Care Center. The note, financed by First National Bank, was issued on December 16, 2008 with a five-year maturity. The interest rate is variable, adjusted monthly to the one month USD-LIBOR-BBA plus 275 basis points with a maximum interest rate of 9.5%. As of June 15, 2009, the rate was 3.0688%.

On June 18, 2008, the County entered into a lease purchase agreement with Laurel Capital Corporation for energy savings improvements to the steam line providing heat to Laurel Crest and the Cambria County Services Building. The \$580,620 lease is amortized fifteen years at the rate of 4.23%.

Additional detailed information on the County's long-term debt can be found in Note 11 and the capital leases in Note 12 of the Notes to the Financial Statements.

Economic Factors and 2008 Budgets

- On July 7, 2003, Standard & Poor's Ratings Services downgraded the County's bond rating from BBB- to B. Standard & Poor's cited various reasons for the downgrade including significant deterioration on the county's financial position and a limited economic base. Following a review of the County's finances and economic climate, a December 6, 2004 report from Standard & Poor's retained the 'B' rating, but revised the rating outlook to stable from negative. After another review of the County, Standard & Poor's September 6, 2005 report upgraded the County's bond rating to BB with a stable outlook. For 2006 and 2007, Standard & Poor's affirmed its 'BB' with a stable outlook underlying rating for the County during their annual review.
- As of April 2008, the County's unemployment rate was 8.7%, which was up from 6.1% in April 2007. The Commonwealth's rate was 7.8% and the national rate was 8.9% for April 2008.
- The County's taxable assessed value on real estate increased \$2.3 million or 0.2% from 2008 to 2009.

For fiscal year 2009, the County's real property tax rate increased three and sixty-five hundredths (3.65) mills to 26.9 mills. The tax rate for general purpose is 19.85 mills, debt service is 5.3 mills, parks and playgrounds purposes is 0.5 mill, and the community college and the library millage is 0.75 and 0.5, respectively. For 2009, the County issued a Tax and Revenue Anticipation Note with First National Bank in the amount of \$9.8 million at 2.29% with a maturity date of December 31, 2009.

INDEPENDENT AUDITORS' REPORT

June 26, 2009

Board of Commissioners
County of Cambria
Ebensburg, Pennsylvania

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, Pennsylvania, as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Cambria, Pennsylvania's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the component units, all of which are discretely presented component units. Those financial statements were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the component units is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Cambria County Library Association and Behavioral Health of Cambria County, both discretely presented component units, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, Pennsylvania, as of December 31, 2008, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 26, 2009, on our consideration of the County of Cambria, Pennsylvania's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis beginning on page I and budgetary comparison information on pages 69 through 73, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Cambria, Pennsylvania's basic financial statements. The employee retirement plan analysis of funding and the combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The employee retirement plan analysis of funding has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
 BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED DECEMBER 31, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds (page 8)	\$ 5,824,939
The compensated absences portion of accrued wages and benefits in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	(169,550)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This amount is the net effect of the differences in the treatment of long-term debt on the statement of activities	(4,074,880)
Accrued interest expense in the statement of activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in governmental funds	25,453
The Other Post Employment Benefit (OPEB) obligation in the statement of activities do no require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(293,809)
The difference in the change in net assets between full accrual accounting and modified accrual accounting due to differing revenue recognition criteria between the two accounting methods	157,010
The net effect of various transactions involving capital assets, (i.e. purchases, disposals, etc.) is to increase net assets	<u>(1,330,306)</u>
Change in net assets of governmental activities (page 5)	<u><u>\$ 138,857</u></u>

COUNTY OF CAMBRIA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Cambria (the "County") is a fourth class county that was formed on March 26, 1804, and operates under the direction of an elected Board of Commissioners, and provides the following services: general administrative services, tax assessment and collection, judicial, public improvements, public safety, conservation and development, and human services programs.

The County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County has elected to apply Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989, to its business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements.

The following is a summary of significant accounting policies of the County of Cambria:

a. Financial Reporting Entity

The County follows the Statement of Governmental Accounting Standards Board No. 39, "Determining Whether Certain Organizations are Component Units." The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the County holds the corporate powers of the organization
- the County appoints a voting majority of the organization's board
- the County is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the County
- there is fiscal dependency by the organization on the County

Based on the aforementioned criteria, the County of Cambria has the following discretely presented component units:

Cambria County Planning Commission

The members of the governing board of the Cambria County Planning Commission are appointed by the Board of County Commissioners. b. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

c. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the County's major governmental funds:

General Fund

The General Fund is the general operating fund of the County used to account for all financial resources, except those required to be accounted for in another fund. General tax revenues of the County, as well as other resources received and not designated for a specific purpose, are accounted for in the General Fund.

Mental Health/Mental Retardation Fund

The Mental Health and Mental Retardation programs both receive the majority of their funding from the PA Department of Welfare. This funding is both state and federal monies. The Mental Health program provides mental health services such as outpatient, partial hospitalization, and residential to Cambria County residents. The Mental Retardation program provides services mental retardation clients through residential placement.

Capital Projects Fund

The Capital Projects fund is utilized to track the expense of certain capital projects within the County. The projects are approved by the County Commissioners at public meetings. The funding of these projects comes from Bond or Loan proceeds or state or federal grants.

Health Choices Fund

The Health Choices fund is utilized to account for all financial resources used to operate, manage and administer the Health Choices Behavioral Health Program of Cambria County. The funding of the Health Choices Program is received from the PA Department of Public Welfare.

911 Emergency Communications Fund

The 911 fund is funded by a \$1.25 charge per phone line in the County. The fee is collected by each local telephone company and remitted monthly to the County net of the telephone company's admin fee. The admin fee cannot exceed 2% of total fees. The fund also collects fees for tower rentals, alarm monitoring, and dispatching. In addition, the county funds a portion of the overall cost of running the facility not covered by the per line fee. The fees are used to run the entire emergency communications including 911 call answering, dispatch, etc.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose; the accumulation of resources for, and payment of debt; and the acquisition or construction of major capital facilities.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The County's proprietary funds may be used to account for any activity for which a fee is charged to external users for goods or services.

The following are the County's major proprietary funds:

Laurel Crest Manor Fund

This facility serves the elderly residents of Cambria County by providing long-term and short-term health services. The facility is funded through state and federal monies from Medicare/Medicaid and also private insurance reimbursements.

Laurel Crest D.M.E. Fund

This fund is used for the Eternal Nutrition feeding program which is a tube feeding program for residents. The program costs include product cost (nutrition supplement), pump rental, and server costs (company administering program). The cost of the feedings is reimbursed by Medicare-Part B, and secondarily by private insurance.

Central Park Complex Fund

The County owns the building called "Central Park Complex" in downtown Johnstown. The county collects rents from tenants in the building (e.g. Pennsylvania Highlands Community College and Human Services Programs such as Area Agency on Aging, Mental Health/Mental Retardation, Children & Youth, and Drug & Alcohol) and leases the first floor space to Johnstown Business District Coalition. The rental income is used to maintain the building and pay the related utility bills for the building.

Cambria Connected

Cambria Connected is a multi-service communications network that will provide voice, video and high speed data communications to all participating public safety agencies. The network will provide businesses, education and all levels of government with these services. In most cases, Cambria Connected will bring technologically advanced communications capabilities to all of Cambria County, even in areas that have been unable to receive services.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The County's investment trust fund accounts for the external portion of the cash management pool, which represents resources that belong to legally separate entities. The County's agency funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures collected and distributed to other political subdivisions.

d. Measurement Focus and Basis of Accounting

Government-Wide Financial Statements

The government-wide financial statements, component unit financial statements, and fund financial statements for proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the balance sheet and the operating statements present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounts, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of timing of related cash flows.

In accordance with GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting," the County and its component units apply all GASB pronouncements and all Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless they conflict with GASB pronouncements.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Proprietary Fund Financial Statements

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in revenues, expenses, and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise activities.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses. Non-operating revenues and expenses include capital and non-capital financing activities and investing activities.

e. Basis of Accounting for Component Units

Cambria County Planning Commission

The Cambria County Planning Commission's financial statements are presented on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). The Commission applies all Governmental Accounting Standards Board (GASB) pronouncements. The financial statements include the implementation of GASB No. 34. All activities of the Commission are accounted for within a single proprietary (enterprise) fund.

Redevelopment Authority of Cambria County

For the year ended December 31, 2008 the Redevelopment Authority of Cambria County complied with GASB No. 34. The accounts of the Authority are maintained in general and special revenue funds. The government-wide statements are prepared using the accrual basis of accounting. The fund financial statements are prepared on the modified accrual basis of accounting.

Cambria Library Association

The financial statements of the Cambria Library Association have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement preparation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations". Under SFAS No. 117, the library is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Johnstown-Cambria County Airport Authority

The operations of the Johnstown-Cambria County Airport Authority are accounted for through a single enterprise fund. An enterprise fund is used to account for operations, which are financed and operated in a manner similar to private business, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. The financial statements include the implementation of GASB No. 34.

Cambria County Transit Authority

The financial statements of the Cambria County Transit Authority have been prepared in conformity with Generally Accepted Accounting Principles (GAAP). The operations of the Authority are accounted for through a single proprietary (enterprise) fund. The enterprise fund is accounted for on a flow of economic resources measurement focus. The financial statements include the implementation of GASB No. 34.

Cambria County Solid Waste Management Authority

The financial statements of the Cambria County Solid Waste Management Authority have been prepared in conformity with Generally Accepted Accounting Principles (GAAP). The operations of the Authority are accounted for through a single proprietary (enterprise) fund. The enterprise fund is accounted for on a flow of economic resources measurement focus. The financial statements include the implementation of GASB No. 34.

Cambria County Conservation and Recreation Authority

The Cambria County Conservation and Recreation Authority maintains its books on the modified accrual basis of accounting. Under this method revenues are recognized when received, unless they are susceptible to accrual, and expenses are recognized when incurred. For the year ended December 31, 2008 the Authority complied with GASB No. 34. The accounts of the Authority are maintained in general and special revenue funds.

Pennsylvania Highlands Community College

The Pennsylvania Highlands Area Community College's financial statements are presented on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). The College applies all Governmental Accounting Standards Board (GASB) pronouncements. The financial statements include the implementation of GASB No. 34. All activities of the College are accounted for within a single proprietary (enterprise) fund.

Cambria County War Memorial Arena Authority

The Cambria County War Memorial Arena Authority's financial statements are presented on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). The Authority applies all Governmental Accounting Standards Board (GASB) pronouncements. The financial statements include the implementation of GASB No. 34. All activities of the Authority are accounted for within a single proprietary (enterprise) fund.

Behavioral Health of Cambria County

The financial statements of the Behavioral Health of Cambria County have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement preparation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations". Under SFAS No. 117, the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

f. Deferred Revenues

Deferred revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at December 31, 2008, but were levied to finance 2008 operations, have been recorded as deferred revenue. Grants and entitlements received

before the eligibility requirements were met have also been recorded as deferred revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as deferred revenue.

g. Investments

Investments of all funds are stated at fair value.

h. Budgets and Budgetary Accounting

Commonwealth of Pennsylvania statutes require that County Governments establish budgetary systems and adopt annual operating budgets. The County's annual budget includes the General Fund and Certain Special Revenue Funds, and is based on estimates of revenues and expenditures approved by the Commissioners. The County of Cambria follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 1, the department heads submit to the County Commissioners proposed operating budgets for the fiscal year which commences on January 1.
2. The Commissioners then interview all department heads to discuss their budgets as submitted and allow them to substantiate projected expenditures at public hearings.
3. Subsequently, the County chief clerk's office assembles the preliminary projections of revenues and expenditures into a formal budget incorporating any revisions or adjustments resulting from the Commissioners' review.
4. Public hearings are conducted on the proposed budget. The proposed budget is available for public inspection for 20 days prior to final adoption.
5. After the 20-day inspection period, but prior to December 31, the County Commissioners adopt the final budget by enacting an appropriate resolution.
6. The formal budgetary process is employed as a planning device. The adopted budget is on a basis consistent with GAAP. Budget amounts are as originally adopted, or as formally amended by the County Commissioners at a public meeting.

i. Cash and Cash Equivalents

The County considers all unrestricted highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

j. **Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the governmental-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Assets are recorded at historical cost or estimated historical cost if historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Infrastructure assets are reported in the business-type and governmental activities columns. Infrastructure in the business-type activities columns is classified as improvements other than buildings and consists of water and sewer lines. Infrastructure reported in the governmental activities column consists of County bridges constructed after 1980.

The County depreciates assets on a straight line basis using the following estimated useful lives.

<u>Description</u>	<u>Estimated Lives</u>
Infrastructure	50 years
Site Improvements	15-30 years
Office Furniture & Equipment	8-15 years
Building & Permanent Fixtures	20-40 years
General Equipment	10-15 years
Radio Equipment	10 years
Computer Hardware & Software	5 years
Vehicles	8 years

Capital Assets and Depreciation – Component Units

The component units record assets at cost. The assets are depreciated on the straight-line method using 5 to 30 year estimated useful lives. Upon retirement, asset cost and related depreciation are removed from the books. Repairs and maintenance are expensed when incurred.

k. Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as "Interfund Receivables/Payables." Interfund balances within governmental activities and within business-type activities are eliminated on the government-wide statement of net assets. The only interfund balances which remain on the government-wide statement of net assets are those between governmental and business-type activities. These amounts are reflected as "Internal Balances."

Balances at December 31, 2008 were as follows:

I. Fund Balance Reserves

The County reserves those portions of governmental fund balances which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Fund balance reserves have been established for:

General Fund

Reserved for Library \$ 29,678

This reserve represents restrictions for real estate tax revenues to be used to fund the Cambria Library Association.

Reserved for Laurel Crest Manor \$ 4,347,634

This reserve represents amounts restricted to cover a Fund Deficit in the County's Laurel Crest Manor Fund.

Reserved for Community College \$ 21,227

This reserve represents restrictions for real estate tax revenues to be used to fund the Pennsylvania Highlands Community College.

Fiduciary Funds

Retirement Trust Fund \$132,946,543

This reserve represents funds restricted to retirement fund use for the future payment of members' benefits.

Workers' Compensation Trust \$ 1,768,053

This reserve represents funds restricted to fund workers' compensation claims.

Prison Canteen/Resident \$ 47,512

This reserve represents funds restricted for the welfare of prison inmates.

Component Units

Cambria Library Association \$ 257,921

This reserve has been established to segregate donor restricted funds or reserves otherwise not available for general operation purposes.

Transit Authority \$ 1,778,350

This reserve has been established to segregate state grant money received for future capital additions or improvements under PA Act 26 and Act 3.

m. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The following is a summary of the County's restricted net assets as of December 31, 2008:

Reserved for Library	\$ 29,678
Reserved for Community College	<u>21,227</u>
Total Restricted Net Assets	<u>\$ 50,905</u>

n. Property Tax Revenues

Property taxes collected within 60 days subsequent to December 31 are recognized as revenue for the year ending December 31 in accordance with applicable GASB standards. County policy is to establish a reserve for uncollectible real estate taxes, which are generally defined as those in excess of two years past due, unless unusual circumstances exist.

o. Interfund Transfers

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

p. Indirect Costs, Maintenance in Lieu of Rent, Allocated Costs

Indirect costs, maintenance in lieu of rent, and allocated costs are charged to various state and federal programs based on a formal plan developed annually by the County. These costs are reflected as expenditures/expenses in those funds benefiting from the services provided and as a reduction of expenditures in the General Fund which provides the services. These costs are recorded on a full absorption basis in order to reflect the total cost of operations of the various funds.

q. **Bond Issuance Costs**

Bond Issuance Costs are being amortized over the lives of the related bonds issued using the straight-line method. Amortization expense for December 31, 2008 totaled \$23,897. Of this balance \$4,711 was for the Central Park Complex Fund, \$10,552 was for Laurel Crest Manor Fund and \$8,634 was recognized for governmental activities at the entity wide statements.

r. **Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

s. **Joint Venture**

The County of Cambria participates in a joint venture with Somerset County, Pennsylvania. This joint venture, Cambria Somerset Authority and Combined Affiliates, is described as follows:

Reporting Entity and Nature of Activities

The combined financial statements present the accounts and transactions of the Cambria Somerset Authority ("CSA") and its Combined Affiliates ("the Authority"), CSA Nonprofit, Inc. ("Nonprofit") and Manufacturer's Water Company ("MWC"). All significant inter-company transactions have been eliminated in the combination.

CSA was incorporated by the counties of Cambria and Somerset on June 9, 1999, under the Municipalities Act of 1945 as amended in order to acquire the operations of MWC, an entity owned by Bethlehem Steel Corporation ("Bethlehem"). MWC owns and operates five dams in the counties of Cambria and Somerset. The common stock of MWC was actually acquired by the Nonprofit, with CSA having complete control over the Nonprofit. Together, all three of these entities (CSA, Nonprofit and MWC) comprise the Cambria Somerset Authority and Combined Affiliates (the "Authority").

NOTE - 2 CASH AND INVESTMENTS

Under Section 1706 of the County Code of the Commonwealth of Pennsylvania, the County is authorized to invest its funds in the following:

- United States Treasury Bills.
- Short-term obligations of the United States Government or its agencies or instrumentalities.
- Deposits in savings accounts or time deposits, other than certificates of deposit, or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation ("FDIC") or other like insurance.
- Obligations of the United States or any of its agencies or instrumentalities backed by the full faith and credit of the United States, the Commonwealth of Pennsylvania, or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

- Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933.
- Certificates of deposit purchased from institutions having their principal place of business in or outside the Commonwealth of Pennsylvania, which are insured by the FDIC or other like insurance. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets pursuant to Act No. 72 of the General Assembly. Certificates of deposit may not exceed 20% of a bank's total capital surplus or 20% of a savings and loan's or savings bank's assets net of its liabilities.
- Commercial paper and prime commercial paper meeting certain requirements.
- Repurchase agreements, which are fully collateralized by obligations of the United States of America.

In addition, the County Code provides that the Retirement Trust Fund may make any investment authorized by 20 P.A.A. Ch. 7302b (relating to fiduciaries' investments).

For all deposits above the insured maximum, assets are pledged as collateral under Subsection (c)(3), to be pooled in accordance with the Act of August 6, 1971 (P.L. 281, No. 72).

It is the policy of the County to invest funds under the County's control principally in certificates of deposit, repurchase agreements, U.S. Government Securities, and money market mutual funds. Funds under the County's direct control exclude monies in the Retirement Trust Fund, Capital Projects Funds, and Workmen's Compensation Trust Fund.

As of December 31, 2008, cash balances, unrestricted and restricted, were covered by the FDIC or by pledged collateral held by the financial institutions' trust departments or custodial agents for the benefit of the County.

Cash and investments as of December 31, 2008 are classified in the accompanying financial statements as follows:

Statements of net assets:	
Cash and investments	\$ 7,923,276
Restricted cash and investments	2,224,531
Fiduciary funds:	
Cash and investments	128,384,167

Cash on hand	\$ 32,060
Deposits with financial institutions	20,766,096
Investments	<u>127,128,073</u>
Total Cash and Investments	<u>\$147,926,229</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the County's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the County's investments by maturity:

Type	12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
Fixed Income Securities	<u>\$ 3,821,505</u>	<u>\$7,085,004</u>	<u>\$14,409,656</u>	<u>\$20,201,221</u>

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistically rating organization. Presented below is the actual rating as of year end for each investment type:

<u>Type</u>	<u>AAA</u>	<u>AA</u>	<u>A</u>	<u>BAA</u>

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Pennsylvania Government Code and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The Pennsylvania Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool equal at least 110% of the total amount deposited by the public agencies.

GASB Statement No. 40 requires that the following disclosure be made with respect to custodial credit risks relating to deposits and investments: As of December 31, 2008, County investments by the following investment types were uncollateralized, which includes deposits collateralized by securities held by the pledging financial institution or by its trust department or agent, but not in the County's name. County investments subject to this risk include investments in the pension trust fund and the worker's compensation fund.

Foreign Currency

Foreign currency risk is the risk the changes in foreign exchange rates will adversely affect the fair value of an investment. The County has the following investments subject to foreign currency risk \$ 23,285,656.

Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The County's investments (including investments held by bond trustees) include the following investments that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above):

<u>Highly Sensitive Investments</u>	<u>Fair Value at Year End</u>
Mortgage Backed Securities. These securities are subject to early payment in a period of declining interest rates. The resultant reduction in expected total cash flows affects the fair value of these securities and makes the fair values of these securities highly sensitive to changes in interest rates.	<u>\$1,095,522</u>

NOTE 4 - REAL ESTATE TAXES

Real estate taxes attach an enforceable lien on property on January 1. Taxes are billed on or about March 1, payable under the following terms: 2% discount, March 1 through April 30; face amount, May 1 through June 30, and 10% penalty after July 1. The County bills these taxes, which are collected by elected local tax collectors. The County collects delinquent real estate taxes on behalf of itself and other taxing authorities. Real estate tax revenues are recognized in the period in which they become susceptible to accrual, that is, when they become both measurable and available.

The rate of taxation in 2008 was 23.25 mills, of which 4 mills were designated for debt service, .75 mills were designated for community college purposes, .50 mills were designated for county library purposes, .50 mills for parks and playgrounds purposes, and the remaining 17.5 mills for general purposes.

The County, in accordance with GAAP, recognized the delinquent and unpaid taxes receivable reduced by an allowance for uncollectible taxes as determined by the administration. The net amount estimated to be collectible which was measurable and available within 60 days was recognized as revenue. All taxes, net of uncollectible amounts, are recognized in the period for which levied in the government-wide financial statements, regardless of when collected.

Taxes Receivable:

Fund Financial Statement

Taxes receivable in the amount of \$2,989,762 as stated on the Governmental Funds Balance Sheet, are actual legal claims of lien properties. The County has deferred \$2,370,581 in taxes receivable on the fund level financial statements, to comply with GASB No. 22, reported on the modified accrual basis of accounting.

Government-Wide Financial Statement

In addition to the taxes receivable noted above, the Statement of Net Assets includes taxes receivable from years 2008 and prior that are summarized as follows:

	<u>Gross Taxes Receivable</u>	<u>Allowance for Uncollectibles</u>	<u>Net Estimated to be Collectible</u>
Property taxes	<u>\$ 3,786,232</u>	<u>(\$796,470)</u>	<u>\$ 2,989,762</u>

NOTE 5 - DUE FROM / DUE TO OTHER GOVERNMENTS

Amounts due from other governments are generally comprised of amounts due from Federal, State, and Local governmental units for reimbursement due under the grant programs at December 31, 2008. Amounts due to other governments are generally comprised of interest earned on state grants required to be returned to the state for which program expenditures have not occurred at December 31, 2008.

NOTE 7 - EMPLOYEE RETIREMENT TRUST PLAN

Plan Description

The County of Cambria provides a single-employer defined benefit pension plan that is administered by the County Retirement Board. All employees working over 1,000 hours per year are required to enter the plan, and County elected officials have the option of enrolling in the plan. The plan is included in the financial statements of the County of Cambria as a retirement trust fund. The plan provides retirement, disability and death benefits to plan members and their beneficiaries pursuant to Act 96 of 1971 of the Commonwealth of Pennsylvania (County Pension Law), which may be amended by the General Assembly of the Commonwealth of Pennsylvania. Cost-of-living adjustments are provided at the discretion of the County Retirement Board.

Basis of Accounting

The financial statements of the retirement trust fund are prepared on the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Valuation of Investments

All investments of the retirement trust fund are reported at fair value.

Membership

Membership of the plan consisted of the following at December 31, 2008, the date of the latest actuarial valuation:

Retirees and Beneficiaries Receiving Benefits	729
Terminated Plan Members Entitled to But Not Yet Receiving Benefits	103
Active Plan Members	<u>1,160</u>
	<u>1,992</u>

Funding Policy

Plan members are required to contribute 9% of their salaries and may contribute up to 19%. The County contributions are determined as part of an annual actuarial valuation. Per Act 96 of 1971, as amended, contribution requirements of the plan members and the County may be amended by the General Assembly of the Commonwealth of Pennsylvania. Administrative costs of the plan are financed through investment earnings. All contributions are invested in a long-term pension trust, using an appropriately balanced portfolio of equities and debt instruments, to prudently maximize long-term investment returns.

Actuarial Methods and Assumptions

The County has an actuarial valuation prepared on an annual basis. The following methods and assumptions were used to prepare the valuation:

Actuarial Cost Method:	Aggregate Actuarial Cost
Asset Valuation Method:	5-Year Smoothed Market
Actuarial Assumptions:	
Investment Rate of Return	7.5% (Including 3% Inflation)
Projected Salary Increases	3.75% -4.5% (Including 3% Inflation)
No Postretirement Benefit Increases	

Annual Pension Cost and Net Pension Obligation

The County's Annual Required Contribution for 2008, was determined as part of the January 1, 2008, actuarial valuation. The County's annual pension cost, annual required contribution and net pension obligation to the Cambria County Employee's Retirement System were \$255,108 for 2008. The County uses the aggregate actuarial cost method, which does not identify or separately amortize unfunded actuarial liabilities.

NOTE 8 - OTHER POST-EMPLOYMENT BENEFITS (OPEB) UNDER GASB 45

Plan Description

Cambria County sponsors a single-employer post retirement medical plan. The plan provides medical and death benefits to eligible retirees and their spouses.

Funding Policy

The County intends to fully fund any annual short-fall between OPEB annual required contribution and actual pay-go expense into a legally executed trust fund. The trust fund will be invested as a long-term pension trust, using an appropriately balanced portfolio of equities and debt instruments, to prudently maximize long-term investment returns.

Annual OPEB Cost and Net OPEB Obligation

The County's annual other post-retirement benefit (OPEB) cost (Expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over 30 years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB Obligation.

Components of Net OPEB Obligation

Annual Required Contribution	\$ 2,453,347
Interest on Net OPEB Obligation	---
Adjustment to Annual Required Contribution	---
Annual OPEB Cost (Expense)	<u>2,453,347</u>
Contributions Made or Accrued	<u>(2,009,706)</u>
Increase in Net Obligation	443,642
Net OPEB Obligation 1/1/08	<u>486,328</u>
Net OPEB Obligation 12/31/08	<u>\$ 929,970</u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2008 is as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of OPEB Cost</u>	<u>Net OPEB Obligation</u>
12/31/07	\$2,425,470	79.9%	\$486,328
12/31/08	\$2,453,347	81.9%	\$929,970

Funded Status and Funding Progress

As of January 1, 2007, the most recent actuarial date, the plan was 0% funded. The actuarial accrued liability for benefits was \$27,636,000 and the actuarial value of assets was \$0 resulting in an unfunded actuarial accrued liability (UAAL) of \$27,636,000. The covered payroll (annual payroll of active employees covered by the plan) was \$15,952,000 and the ratio of the UAAL to the covered payroll was 173%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

The projection of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and includes the type of benefits provided at the time of each valuation and the historical pattern of sharing the benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2007 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 7.5% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan assets at the valuation date, and an annual healthcare cost trend rate of 8% initially, reduced by decrements to an ultimate rate of 5% after three years. The actuarial value of assets was determined using a standard balance portfolio expectation for retirement plan asset returns. The UAAL is being amortized as a level percentage of payroll on an open basis. The remaining amortization period at January 1, 2008 was 30 years.

NOTE 9 - RISK MANAGEMENT

The County is exposed to risk of loss related to self-insurance activities for workers' compensation. Laurel Crest Manor Enterprise Fund and the General Long-Term Debt Account Group account for the risk associated with the workers' compensation.

The County is self-insured for workers' compensation. The County has excess workers' compensation insurance with a self-insured retention per

occurrence of \$325,000, and a maximum indemnity per occurrence of \$1,000,000.

As required by the Pennsylvania Department of Labor and Industry, the County has established an Expendable Trust Fund for workers' compensation. The purpose of the fund is to provide a source of funds for claimants entitled to benefits under Article III Section 305 of the Pennsylvania Workers' Compensation Act.

The County maintains workers' compensation reserves for claims incurred and claims incurred but not reported in the funds to which, per the County's estimate, they apply. The majority of the reserves are recorded in the Laurel Crest Manor Fund, an Enterprise Fund. The remainder is recorded in the General Long-Term Debt Account Group.

The accrued liability for workers' compensation is determined by an actuary in accordance with actuarial principles; such claims are not discounted. There have been no changes in insurance coverages, retention limits or excess loss policies from the prior year. The amounts of settlements for the past three fiscal years did not exceed excess loss insurance coverages.

All accrued workers' compensation self-insurance liabilities at December 31, 2008 are summarized as follows:

<u>Laurel Crest Manor Enterprise Fund</u>	<u>Long-Term Obligation</u>	<u>Total</u>

NOTE 12 - CAPITAL LEASE

Upper Yoder Township Authority

In June 2003, the County of Cambria and Upper Yoder Township Authority entered into an agreement for the Authority to purchase the County owned nursing home facility known as Laurel Crest Nursing and Special Care.

In connection with the purchase, the Authority entered into debt agreements with Somerset Trust Company in December 2003. The debt between the Authority and Somerset Trust Company consists of a "Bank Qualified Tax Exempt Guaranteed Lease Revenue Note" in the principal amount of \$9,500,000 and a "Taxable Guaranteed Lease Revenue Note" in the principal amount of \$2,000,000 over a term of 300 months, with monthly payments commencing on January 1, 2004. The current terms of the debt agreements call for monthly payments of \$66,308 to commence on January 1, 2004 through December 1, 2008.

In connection with the financing arrangements, a Guaranty Agreement was entered into between the County, Authority and Somerset Trust Company as of December 2003. The purpose of the guarantee agreement was to provide for the unconditional guarantee by the County of the timely payment of the principal of, and interest on, the \$11,500,000 debt between the Authority and Somerset Trust Company.

In order for the County to continue to operate the nursing facility, an "Agreement of Lease" was entered into between the County and Authority dated as of December 2003 that allows the County to continue to occupy the nursing facility. The term of the lease is from December 10, 2003 through November 30, 2028. The County shall pay to the Authority the minimum net annual rental due being an amount equal to the annual debt service requirements with respect to the Authority's \$11,500,000 debt with Somerset Trust Company.

Under the terms of the "Agreement of Lease", at any time the County will have the option of purchasing the facility from the Authority for \$1.00 plus the amount, if any, required to defease the lien of the \$11,500,000 debt with Somerset Trust Company.

Series 2006A and 2006B Lease Revenue Notes

In February 2006, the County refinanced the Bank Qualified Tax Exempt Guaranteed Lease Revenue Note of 2003 with the Series 2006A Lease Revenue Note in the amount of \$9,128,264. The revised agreement calls for 45 semi-annual payments beginning June 1, 2006 through June 1, 2028. The current terms of the loan agreement call for semi-annual payments of \$341,910 after June 1, 2006. The Bank Qualified Tax Exempt Guaranteed Lease Revenue Note was originally incurred to lease back the Laurel Crest nursing home facility.

In addition to the Series 2006A Lease Revenue Note, the County refinanced their Taxable Guaranteed Lease Revenue Note of 2003 with the Series 2006B Lease Revenue Note in the amount of \$1,954,857. The revised agreement calls for 46 semi-annual payments beginning June 1, 2006 through December 1, 2028. The current terms of the loan agreement call for semi-annual payments of \$72,443 after June 1, 2006. The Taxable Guaranteed Lease Revenue Note was originally incurred to lease back the Laurel Crest nursing home facility.

The contract guarantees Laurel Crest Manor will save at least the amount of the total contract in energy savings over the next ten years or CLT will refund the difference. The project was funded under a capital lease, which requires a monthly payment of \$17,336, beginning November 15, 2004 for 114 months. The capital lease has an effective interest rate of approximately 4.5%.

Under this program, the Department of Commerce loaned UMF Holding Company, Inc. of Cambria County an amount of \$800,000 to be repaid to the Department over a fifteen-year period at two percent. The loan is to be used for expansion of current operations within the Company. The funds were requested by Boscov's, Inc. a

department store chain, for financial assistance in the purchase and restructure of the Company in order to emerge from bankruptcy. The Commonwealth of Pennsylvania has pledged funds to fully guarantee the payment of the Section 108 Loan should Boscov's default on its loan payments.

The bonds will also be used in paying the costs and expenses of issuing and insuring the 2006 Bonds. In connection with the issuance of the 2006 Bonds, the Authority will enter into the loan agreement with the College, which requires the College to make loan repayments to the Authority in amounts sufficient to pay the debt service payments on the 2006 Bonds. The long-term debt is the general obligation of the College. In the event of default, Cambria County will be responsible for payments to the State Public School Building Authority. The balance of the loan as of June 30, 2008 was \$3,990,000.

Funded Status and Funding Progress

As of January 1, 2008, the most recent actuarial valuation date, the Plan was valued under the aggregate cost method. In order to comply with the requirements of GASB Statement 50, actuarial valuation components have also been determined, using the same array of actuarial assumptions, under the Entry Age Actuarial Cost Method as a surrogate method for reporting and tracking funding progress. Under this surrogate basis, the Plan was 157.9 percent funded. The Entry Age actuarial accrued liability for benefits was \$112.4 million, and the actuarial value of assets was \$177.5 million, resulting in an unfunded Entry Age actuarial accrued liability (UAAL) of \$0 million. The covered payroll (annual payroll of active employees covered by the Plan) was \$38.1 million and the ratio of the UAAL to the covered payroll was 0 percent.

**COUNTY OF CAMBRIA
NONMAJOR FUNDS**

The following are the County's nonmajor funds, for the year ending December 31, 2008:

DEBT SERVICE FUND:

DEBT SERVICE FUND: The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

SPECIAL REVENUE FUNDS:

HOTEL TAX FUND: Each hotel in Cambria County is responsible for collecting a 3% room tax on each room rented on a non-permanent basis. Each hotel remits their collections to the County and the County uses these proceeds for promoting tourism in the area.

REDEVELOPMENT AUTHORITY: This fund receives funds from the state and passes them through to the Redevelopment Authority of Cambria County.

LIQUID FUELS TAX FUND: The County receives grants from the state and federal government to repair or replace county owned bridges. In addition, the County receives a portion of the overall state's liquid fuels tax. The County reallocates a portion of these amounts to all municipalities within Cambria County based upon their requests and final decision of the County Commissioners. The remaining liquid fuels monies are used for bridge repair and maintenance.

CHILDREN AND YOUTH FUND: The PA Department of Welfare provides the majority of the funding for this program. This funding is comprised of both state and federal monies. These monies are used to provide protective children services to the age of 21, through counseling, in-home and residential services.

DOMESTIC RELATIONS OFFICE FUND: The PA Department of Welfare provides IV-D monies. These monies are comprised of both state and federal funding. The department uses the funds to provide citizens of Cambria County with domestic relations support. This primarily entails establishment and enforcement of child support orders.

DRUG & ALCOHOL FUND: The PA Department of Health and the PA Department of Welfare provide the majority of the funding for this program. This funding is comprised of both state and federal monies. The program provides drug and alcohol treatment programs, prevention programs, counseling and in-home service to Cambria County residents.

DETENTION/SHELTER FUND: This program is funded by contracts with 19 counties, including Cambria County, to house delinquent children. In addition, the program receives monies under the Federal School Lunch program. The Detention Home is a 24-hour maximum security facility for youth ages 10-18. The Shelter is a 24-hour staff security facility for youth ages 10-18 with a 30 day limit. The school lunch program provides nutrition funding for breakfast and lunch for all residents.

JUVENILE PROBATION FUND: The PA Department of Welfare (state and federal monies), PA Commission on Crime and Delinquency (state and federal monies), and the Juvenile Court

Judges Commission (state monies) along with County monies provide the funding to run the Juvenile Probation Office. The funds are used to administer the entire Juvenile Court process.

JAIL/DETENTION FUND: The purpose of this fund is to segregate the jail/detention charges aspect of the Driving Under the Influence fund into a separate fund.

PARKS & PLAYGROUNDS: The Parks & Playgrounds Fund is used to account for the accumulation of resources for, and the payment of, operational and capital expenditures of County owned parks and playgrounds.

AREA AGENCY ON AGING FUND: The PA Department of Aging provides the majority of the funding for this program. This funding is comprised of both state and federal monies. The agency uses these monies to benefit any Cambria County citizen over age 55 (e.g. Meals on Wheels, Senior Centers).

HUMAN SERVICES FUND: The PA Department of Welfare provides the majority of the funding for this program. This funding is comprised of all state monies. The fund is used to fill in the gaps of the Human Services agencies (i.e. Aging, Children & Youth, Drug & Alcohol, and Mental Health/Mental Retardation).

FOSTER GRANDPARENT FUND: The Foster Grandparent program receives federal funding through the National Senior Service Corporation. The program is made up of individuals 60 years and older who volunteer 20 hours a week and receive a small stipend. These individuals work with children with special needs at head starts, schools, day care centers, emergency shelters, and hospitals.

SUBSTANCE ABUSE FUND: The purpose of this fund is to segregate the substance abuse aspect of the Driving Under the Influence fund into a separate fund.

FARMLAND PRESERVATION FUND: The PA Department of Agriculture funds this program along with a contribution from Cambria County. The program's purpose is to buy easement rights or development rights to local farms. By doing so, the farms will remain as farms forever. If a farmer wants to be considered for the program, an appraisal must be performed. The farmer will pay a \$1,500 appraisal security deposit. If the farmer opts into the program, the \$1,500 deposit is returned. If refused, the \$1,500 deposit is kept to cover the appraisal fee.

DRIVING UNDER THE INFLUENCE FUND: The Cambria County Clerk of Courts collects court ordered fees monthly and deposits it to the DUI Fund. The fees include CRN (Court Related Network), Tuition (regular or ARD), and Breathalyzer. The fees are used as approved by President Judge Long for court-related imprisonment issues such as drug and alcohol education, or help with the detention home, jail, or prisoners.

AFFORDABLE HOUSING FUND: The Recorder of Deeds for the County collects a \$13 fee for each deed or mortgage recorded. This fee is remitted to the County at the end of each month. The funds are used paid out to the Cambria County Redevelopment Authority on an as needed basis for assisting Cambria County citizens with affordable housing.

REGISTER OF WILLS AUTOMATION FUND: The Office of the Register of Wills collects a fee for services provided. This money may be used to improve the Register of Wills automation (e.g. purchase of computers, printers, computer systems or installation of new wiring).

CHESAPEAKE BAY FUND: The PA Department of Environmental Protection funds this program to the County Conservation District. The funds are used for soil and water conservation on local farms to protect the Chesapeake Bay Watershed in Cambria County (40% of the County is in the watershed) and a small portion of Indiana County.

DIRT & GRAVEL ROAD FUND: The State Conservation Commission apportions the Dirt and Gravel Maintenance fund to the County Conservation District. The funds are used to fund "environmentally sound" maintenance of unpaved roadways that have been identified as sources of dust and sediment pollution.

PROTHONOTARY AUTOMATION FUND: The Office of Prothonotary collects a \$5 fee per new item recorded (e.g. divorce, custody agreement, etc). This money may be used to improve the Prothonotary's Office automation (e.g. purchase of computers, printers, computer systems, or installation of new wiring).

CLERK OF COURTS AUTOMATION FUND: The Clerk of Courts office collects a \$5 fee per new case. This money may be used to improve the Clerk of Courts Office automation (e.g. purchase of computers, printers, computer systems, or installation of new wiring).

COUNTY RECORDS IMPROVEMENT FUND: The Cambria County Recorder of Deeds collects a \$2 fee on each recorded deed. One dollar of the fee can be used by the County to maintain and improve the retention of County records. The second dollar is to be used exclusively by the Recorder of Deeds office to maintain and improve their records retention.

HAZARDOUS MATERIALS EMERGENCY RESPONSE ACCOUNT FUND (HMER): The main source of revenue for this fund comes from Company assessment fees. These fees are charged to businesses, e.g., Agway, on an annual basis that use, manufacture or transport hazardous chemicals or materials. The HMER agency sends an invoice to a business asking for composition and fee calculation for all hazardous materials on-site, the fee amounting to \$75 per each hazardous material. In addition an annual \$100 fee is charged for the agency developing an emergency response plan for any occurrence of an accidental release of hazardous materials, such as a road spill or a release into the atmosphere. The State matches the Company assessments dollar for dollar, subject to funds availability, and forwards the matching to this agency which deposits these monies into this fund.

SPECIAL HAZARDOUS ASSISTANCE RESPONSE TEAM FUND (SHARP): This fund is related to the HMER fund discussed above in that the SHARP fund is comprised of volunteers who are paged to respond to emergency situations. These individuals operate a HAZMAT (hazardous materials) truck (a self-contained response truck) which aids in the assistance of responding to and cleaning up an accident site. After this team has responded to an accident, this agency will send out a billing to the responsible party for the rendered services. If the team was assisted by another unit, such as a fire company, in taking care of an accident, this agency will make certain that the assisting unit will receive its proper share of the billing.
