MANAGEMENT’S DISCUSSION AND ANALYSIS

INTRODUCTION

This section of the County of Cambria’s annual financial report provides the reader with an introduction to the basic financial statements and an analytical overview of the financial activities for the year ended December 31, 2020. It is best understood if read in conjunction with accompanying basic financial statements, notes to the financial statements, and supplementary information.

The Management Discussion and Analysis section of the financial report began with the implementation of Statement No. 34 of the Governmental Accounting Standards Board, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* (GASB 34). The intent of the Management Discussion and Analysis is to focus on the current year’s activities and resulting changes in the County’s financial position. It also includes currently known facts that may have a significant impact on the County’s financial position.

GASB 34 establishes the required elements of the general purpose external financial report as:

- Management’s Discussion and Analysis
- Basic Financial Statements
 - *Government-wide Financial Statements*
 - *Fund Financial Statements*
 - *Notes to the Financial Statements*
- Required Supplementary Information

FINANCIAL HIGHLIGHTS

The following financial highlights are described in more detail in the analysis sections of the Management Discussion and Analysis:

- The General Fund reported an ending fund balance of \$13.66 million, which was an increase of \$10.13 million from 2019.
- The General Fund unassigned fund balance was \$13.66 million, an increase of \$10.13 million from the 2019 unassigned fund balance.
- Government-wide net position (assets plus deferred outflows less liabilities and deferred inflows) at the end of the year was (\$78.52) million, an increase of \$10.22 million from 2019.
- The balance of outstanding bonds and notes payable was \$55.38 million, an increase of \$16.29 million from 2019. During 2020, the County issued General Obligation Notes, Series A/B of 2020 to refund certain debt service requirements of 2014 bonds, as well as to finance various capital projects. The outstanding balance of obligations under capital leases was \$167,291, a decrease of \$54,376 from 2019. Therefore, outstanding long-term obligations increased by \$16.24 million from 2019.
- For calendar year 2020, the County's real property tax rate remained at 33.5 mills.
- For calendar year 2020, the County adopted new accounting guidance by implementing the provisions of GASB statement No. 84, *Fiduciary Activities*. This Statement established criteria for identifying fiduciary activities of all state and local governments. As a result, the beginning net position of the fiduciary funds was restated with an increase of \$607,667.

OVERVIEW OF THE FINANCIAL REPORT

Cambria County's reporting entity is comprised of the primary government and its component units. Component units are legally separate organizations for which the County is financially accountable, or for which, there is a significant relationship.

Government-wide Financial Statements

The government-wide financial statements provide information on governmental and business-type activities excluding fiduciary activities in a manner similar to the private sector. The statements are prepared using the accrual basis of accounting. Revenues and expenses are taken into account when earned or incurred regardless of when cash is received or paid.

Governmental and business-type activities are reported in separate columns which add to a total for the Primary Government. The government-wide financial statements also include segregated information for entities known as Component Units. Component Units are legally separate units which are substantially funded or influenced by the county. Cambria County has ten (10) component units – Planning Commission, Redevelopment Authority, Library Association, Municipal Airport Authority, Transit Authority, Solid Waste Management Authority, Conservation and Recreation Authority, Pennsylvania Highlands Community College, Behavioral Health of Cambria County, and War Memorial Arena Authority.

The statement of Net Position reports all assets and deferred outflows, and liabilities and deferred inflows, both current and non-current, with the difference reported as net position. Over time, increases and decreases in net position may serve as one indicator of whether the County's financial position is improving or deteriorating. Additionally, non-financial factors, such as changes in the real estate tax base or the condition of County facilities, should be considered to assess the overall financial condition of the County.

The Statement of Activities shows the extent to which program revenues offset the expenses of governmental and business-type activities. This is intended to summarize and simplify users' analysis of the cost of various governmental services and/or subsidy to business-type activities. The statement also reports the change in net position as a result of the fiscal year's revenue and expenses. The governmental activities included in the statement reflect Cambria County's basic services, including general government, judicial government, public safety, corrections, public works, human services, culture and recreation, conservation and development, emergency communication services, employee benefits, and debt service. Taxes, charges for services, and intergovernmental revenues primarily finance these services. The primary government has one business-type activities fund – Central Park Complex. The Central Park Complex generates rental income from the agencies and tenants that occupy the building to help offset the operating costs.

Fund Financial Statements

Traditional users of governmental financial statements will find the fund financial statements more familiar. A fund is a separate fiscal and accounting entity that is used to segregate sources and uses of funding for specific purposes. Cambria County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the County are divided into three (3) categories – governmental, proprietary, and fiduciary. Each category is reported using the measurement focus and basis of accounting required for that category.

Governmental Funds:

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide Statement of Activities. However, unlike the government-wide statements, the governmental fund statements focus on current sources and uses of expendable resources available at the end of the year. Cambria County has thirty-eight (38) individual governmental funds. Of these funds, seven (7) have been identified as major funds based on minimum criteria set forth in GASB 34. The major governmental funds reported in the financial statements for the County are the General Fund, the Health Choices Fund, the Area Agency on Aging Fund, the Children and Youth Fund, the Behavioral Health/Intellectual Disabilities & Early Intervention Fund, the Capital Projects Fund, and the Debt Service Fund. The non-major funds reported in the financial statements are – 9-1-1 Emergency Communications, Domestic Relations Office, Juvenile Probation, Booking Center, Farmland Preservation, Hazardous Materials Emergency Response Account (HMER), Special Hazardous Assistance Response Team (SHARP), Emergency Management Agency, Court Special Admin, Substance Abuse, Jail/Detention, Protection from Abuse, Veteran's Court Administration, Mental Health Court, County Records Improvement, Clerk of Courts Automation, Prothonotary Automation, Register of Wills Automation, Sheriff's Automation, Coroner Vital Statistics, Liquid Fuels Tax, Hotel Tax, Parks & Playgrounds, Act 13, Affordable Housing, Redevelopment Authority, Act 152, District Attorney Drug Forfeiture, Foster Grandparents, Drug and Alcohol, and Human Services.

Proprietary Funds:

Proprietary funds are financed and operated in a manner similar to private business enterprises in which costs are recovered primarily through user charges. Cambria County maintained two (2) different types of proprietary funds that utilize the accrual basis of accounting. An enterprise fund is used to report the same functions as presented in a business-type activity in the government-wide financial statements. As stated previously, the County has one (1) enterprise fund – Central Park Complex. The County also has an internal service fund through which the activity for the health insurance plan is recorded, with each department and fund contributing to their share of the costs of providing the insurance.

Fiduciary Funds:

Fiduciary funds are used to account for resources held for the benefit of the parties outside of the government. Cambria County is responsible for ensuring that the assets of these funds are used for the intended purposes. The County is the trustee, or fiduciary, for the following funds – Recorder of Deeds, Register of Wills, Sheriff's Office, Prison Resident, Prison Canteen, Intermediate Punishment Unit, Office of the Prothonotary, Clerk of Courts, Domestic Relations Support, Retirement Trust, and Workers' Compensation. Fiduciary activities are reported in a manner similar to proprietary funds in a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. Fiduciary funds are excluded from the government-wide financial statements because the assets of these funds are not available to support Cambria County's programs.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes immediately follow the financial statements.

Total net position: Net position of the County's governmental activities was (\$78.52) million, an increase of \$10.22 million from 2019. Of this amount, \$2.19 million represents investment in capital assets, net of related debt. The unrestricted net position balance as of the end of the year was (\$84.74) million which represents an increase of \$17.24 million from 2019. The County's deferred inflows exceeded deferred outflows in 2020 by \$7.97 million, to be recognized in future years. The 2020 restricted net position balance represents the Debt Service Fund balance of \$509,070, which is restricted by the County Tax Assessment. The restricted net position balance also includes \$3,393,525 restricted by the PA Department of Transportation, \$127,089 restricted by the PA General Assembly, and \$1,884 restricted by the U.S. Attorney General.

Net position of the County's business-type activities was \$0, which was no change from 2019. Of the total net position, (\$160,774) represents investment in capital assets, net of related debt. The unrestricted net position balance at year-end was \$160,774, which represents an increase of \$37,005 from 2019.

Governmental activities revenues: Revenues for Cambria County’s governmental activities were \$150.8 million for the year ended December 31, 2020, an increase of 6.87% from 2019. The following pie chart reflects the sources of those revenues by percent:

The largest source of governmental activities revenue is operating grants and contributions amounting to \$98.9 million or 65.6%. The Human Services agencies, including Behavioral Health/Intellectual Disabilities & Early Intervention, Children & Youth Services, Drug and Alcohol, Area Agency on Aging, Foster Grandparents, Human Services, and Health Choices receive the largest portion of operating grants and contributions at \$72.6 million or 73.4% of those revenues. For the most part, Human Services operating grants fund mandated services, which usually require that general fund revenue be used to fund a portion of the costs.

Taxes and payments in lieu of taxes provide the next largest source of governmental activities revenue at \$42.61 million or 28.3%. For 2020, the real estate tax rate remained the same at 33.5 mills. Of this amount, 27.5 mills was designated for general purposes, 4 mills for debt service, 1 mill for the Penn Highlands Community College, 0.5 mill for the Cambria County Library System, and 0.5 mill for parks and playgrounds. Real estate taxes generated \$42.06 million in governmental activities revenue in 2020. In addition, the County levies a 5% hotel lodging tax. Proceeds from the hotel tax are used to assist in tourist promotional activities of the Cambria County Visitors and Convention Bureau. For the year ending 2020, the hotel tax receipts amounted to \$412,298. Cambria County also receives payments in lieu of taxes from various sources. The County received \$137,392 in payments in lieu of taxes in 2020.

Charges for services amounted to \$8.86 million or 5.9% of governmental activities funding sources. Charges for services include fees, fines, licenses, permits, 9-1-1 line charges, and housing revenues at the prison and the detention/shelter facility.

Investment earnings, gain from the sale of assets, capital grants and contributions, and other revenues amounted to \$418,808 or 0.2% of governmental activities revenue.

Governmental activities expenses: Expenses for Cambria County's governmental activities were \$136.6 million for the year ended December 31, 2020. The chart below reflects the uses of those expenses:

As indicated by the chart, the County's human services programs comprised the largest portion of governmental activities expenses. They amounted to \$76.3 million or 55.9% for 2020.

The general government-judicial is composed of the Court of Common Pleas, Magistrates, Constables, Court Special Admin, Law Library, Domestic Relations, Coroner Vital Statistics, Substance Abuse, Protection from Abuse, and Veteran's Court. Also included are the row offices that provide services to the courts, which include the District Attorney, Public Defender, Clerk of Courts, Prothonotary, Register of Wills, and Sheriff. Expenses for general government-judicial were \$11.7 million or 8.6% in 2020.

Public Safety includes Emergency Management, HMER, SHARP, and Sheriff's Automation. Expenses in 2020 were \$5.8 million or 4.2%.

Corrections expenses reflect costs associated with the Prison, including Adult Probation, Juvenile Court, Booking Center and Detention/Shelter. These expenses were \$17.7 million or 13.0%.

Employee Benefits were \$4.4 million or 3.2% of governmental activities expenses. This includes retiree hospitalization, workers' compensation, retiree life insurance, employer taxes, and unemployment. Most general fund employee benefits are expensed to the departmental budget.

General Government-Administrative expenses reflect costs associated with the administration of Cambria County government. These expenses were \$6.7 million or 4.9%.

Debt Service on the County's Lease Rental Indebtedness, Bonds and Notes was \$2.3 million or 1.7% of governmental activities expenses.

The remaining expenses of \$11.6 million or 8.5% were for Public Works, Culture and Recreation, Conservation and Development, Emergency Communications Services, and Unallocated Depreciation.

Funds Financial Analysis

As noted previously, Cambria County uses fund accounting to comply with finance-related legal requirements.

Governmental Funds: The accounting focus of the County's governmental funds, which include the Major Funds of the General Fund, the Health Choices Fund, the Area Agency on Aging Fund, the Children and Youth Fund, the Behavioral Health/Intellectual Disabilities & Early Intervention Fund, the Capital Projects Fund, and the Debt Service Fund, is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is valuable in assessing the County's financing requirements. In particular, unrestricted fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year.

At December 31, 2020, the General Fund reported a fund balance of \$13.66 million, which was an increase of \$10.13 million from the prior year's fund balance of \$3.53 million. For 2020, revenues and other financing sources exceeded expenditures and other financing uses by \$10.13 million.

The Health Choices Fund maintains a zero fund balance. Revenues in the Health Choices Fund increased \$1,911,219 or 4.3% to \$46.4 million in 2020.

The Area Agency on Aging Fund maintains a zero fund balance. Revenues in the Area Agency on Aging Fund decreased \$378,927 or 6.4% to \$5.52 million in 2020.

The Children and Youth Fund maintains a zero fund balance. The revenue for the Children and Youth Fund decreased \$322,749 or 3.1% to \$10.2 million in 2020.

At December 31, 2020, the Capital Projects Fund reported a fund balance of \$9.67 million, which was an increase of \$9.05 million from the prior year's fund balance of \$608,755. For 2020, revenues and other financing sources exceeded expenditures and other financing uses by \$9.05 million.

At December 31, 2020, the Debt Service Fund reported a fund balance of \$509,070, which was an increase of \$262,595 from the prior year's fund balance of \$246,475. For 2020, revenues and other financing sources exceeded expenditures and other financing uses by \$262,595.

Proprietary Funds: In 2020, Cambria County maintained one enterprise fund, the Central Park Complex Fund. The fund financial statements for the business-type activity enterprise fund contain the same information as the government-wide statements, but in greater detail.

The net position of the Central Park Complex (CPC) fund was \$0 on December 31, 2020. The net position reflects that \$160,774 was unrestricted and (\$160,774) was invested in capital assets, net of related debt, netting to a zero balance in the fund.

General Fund Budgetary Highlights

This section provides a summary of the major factors involved in the variances in the General Fund revenue and expenditure budgets. The summary provides a comparison between the original budget and the final amended budget. It also provides a comparison between the final amended budget and the actual amounts for the general fund. The following narrative should be read in conjunction with the Statement of Revenues, Expenditures, and Changes in Fund Balance-Budget and Actual-General Fund in the audit report.

The original budgeted general fund revenue was \$57.2 million in 2020 and \$58.0 million in 2019. The final budgeted general fund revenue was \$69.4 million in 2020 and \$58.7 million in 2019. The actual revenue received during 2020 was \$67.6 million. The following are negative variances in final budgeted revenue to actual revenue during 2020: actual charges for services was \$1,342,362 or 16.1% less than budgeted; actual intergovernmental revenues was \$823,507 or 4.5% under budget; actual other revenues was \$90,786 or 13.8% under budget.

The original budgeted general fund expenditure amounts were \$48.1 million in 2020 and \$49.1 million in 2019. The final budgeted general fund expenditure amounts were \$60.0 million in 2020 and \$49.8 million in 2019. The actual expenditures were \$47.1 million for 2020. Positive variances were in general government – administrative for \$959,970 or 10.2%, general government – judicial for \$1,466,199 or 13.8%, public safety for \$2,677,155 or 32.6%, corrections for \$5,925,223 or 28.4%, public works for \$87,249 or 6.7%, culture and recreation for \$332,112 or 33.7%, conservation and development for \$652,024 or 18.2%, employee benefits for \$915,988 or 30.8%, and debt service for \$51,300 or 95.1%. Negative variances were in human services for \$175,160 or 11.6%.

The original budgeted operating transfers in were \$915,359 in 2020 and \$1,327,973 in 2019. The final budgeted operating transfers in were \$915,359 in 2020 and \$1,327,973 in 2019. For 2020, the actual operating transfers in were \$391,151 under budget. The original budgeted operating transfers out were \$10.0 million in 2020 and \$10.2 million in 2019. The final budgeted operating transfers out were \$10.3 million in 2020 and \$10.2 million in 2019. The actual operating transfers out were \$502,995 or 4.9% under budget in 2020.

Overall, the general fund had an excess of revenues and other financing sources over/(under) expenditures and other financing uses of \$10.13 million for the year ending December 31, 2020.

Capital Assets and Debt Administration

Capital Assets:

The County's investment in capital assets at December 31, 2020, net of accumulated depreciation, amounted to \$60.0 million. This was an increase of \$9.8 million or 19.5% from the previous year. The following table summarizes the County's investment in capital assets:

Additional detailed information on the County's capital assets can be found in Note 5 of the Notes to the Financial Statements.

Long-term Debt:

The Commonwealth of Pennsylvania Local Government Unit Debt Act governs the amount of indebtedness the County can incur. Under this act, the County can legally incur nonelectoral debt equal to three hundred percent (300%) of its borrowing base. The borrowing base is calculated as one third of total revenues for the past three (3) years minus certain statutory deductions.

As of December 31, 2020, Cambria County had outstanding debt and capital lease obligations of \$55.4 million. During 2020, the County's bonds, notes and capital leases increased by \$16.3 million or 41.0%.

During 2020, the County issued General Obligation Notes, Series A/B of 2020 in the total amount of \$26.4 million to refund certain debt service requirements of 2014 bonds, as well as to finance various capital projects. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt increased by \$1.72 million. The economic loss resulting from this transaction amounted to \$632,227.

Additional detailed information on the County's long-term debt can be found in Note 10 and the capital leases in Note 11 of the Notes to the Financial Statements.

Economic Factors and the 2021 Budget:

The key economic factors affecting the County include the following:

The County's unemployment rate, as of April 2021, was 7.6%. This was a decrease from the April 2020 rate of 18.2%. The statewide unemployment rate was 7.4% for April 2021. The April 2020 rate reflects the effects of business and school closures to mitigate the spread of coronavirus (COVID-19).

The July 1, 2019 population estimate for Cambria County was 130,192. This was a 9.4% decrease from the 2010 census of 143,679. The 2020 census data was unavailable when this report was issued.

The total 2021 budget is \$197,043,775, and the 2021 General Fund budget is \$58,213,177. This is an increase of \$1,886,052 or 1.0% from the amended 2020 total budget. The General Fund budget decreased \$12,955,344 or 18.2% from the amended 2020 budget. The 2020 amended budget included expenditures from the CARES County Relief Block Grant Program.

The total real estate millage for 2021 remained at 33.5 mills. Of that, 27.5 mills are dedicated to general purposes, 4.0 mills are for debt service, 1.0 mill is for the Pennsylvania Highlands Community College, 0.5 mill for the Cambria County Library, and 0.5 mill for parks and playgrounds.

The CARES County Relief Block Grant Program provided \$11.75 million in funds to Cambria County. Eligible expenditures must have been incurred during the period from March 1, 2020, through December 30, 2020. Funds appropriated to the county through the COVID-19 County Relief Block Grant were to be used for the following purposes:

- Offsetting cost of direct county response, planning, and outreach efforts.
- Purchase of Personal Protective Equipment (PPE) in response to pandemic.
- Administration of the grant by the county of no more than 2% of funds received or \$200,000, whichever is less.
- Assistance to the county's municipalities for response and planning efforts, including purchase of PPE.
- To small business grant programs for businesses with fewer than 100 employees and that did not receive funding through the Federal Paycheck Protection Program or the Economic Injury Disaster Loan Program established under the CARES Act.
- To tourism businesses of all sizes, including state and county fairs. CDFIs can be used to administer the grant program for small businesses and tourism businesses.
- Grant programs to support costs of assisting businesses during COVID – CEDOs, LDDs, IRCs, SBDCs, and EDCs.
- Behavioral health and substance use disorder treatment services.

- Broadband deployment with priority to unserved or underserved areas.
- Nonprofit assistance programs for 501(c)(3) and 501(c)(19) organizations.

Through the American Rescue Plan Act signed into law on March 11, 2021, Cambria County was awarded \$25,288,270 in direct federal aid. The funds may cover costs from March 3, 2021 through December 31, 2024. Counties may invest funds to support public health response, address negative economic impacts, replace public sector revenue loss, premium pay for essential workers, and water, sewer and broadband infrastructure.

On June 15, 2016, S&P Global Ratings revised its outlook on Cambria County's general obligation (GO) bonds to negative from stable. While affirming the County's 'BBB' rating, they cited "fiscal imbalances over the past two fiscal years, which have reduced the county's general fund reserve to negative \$8.6 million" for the negative outlook. On November 7, 2017, S&P Global Ratings revised its outlook on Cambria County's GO bonds to stable from negative and affirmed its 'BBB' long-term rating. On August 16, 2019, the outlook was again revised from stable to positive. As a result of 'deep economic contraction', on April 17, 2020, Standard & Poor's revised outlooks to stable from positive for a number of local governments with outstanding tax-secured debt including Cambria County.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, investors, customers, and creditors with a general overview of Cambria County's finances. Questions regarding this report or requests for additional financial information should be directed, in writing, to Michael Gelles, Chief Clerk, County of Cambria, 200 S. Center St., Ebensburg, PA 15931.

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
County of Cambria
Ebensburg, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County of Cambria's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The County of Cambria's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Cambria County Planning Commission, Cambria Library Association, Johnstown-Cambria County Airport Authority, Cambria County Transit Authority, Cambria County Solid Waste Management Authority, and Cambria County War Memorial Arena Authority, all of which are discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Cambria Library Association, Cambria County Solid Waste Management Authority, and Behavioral Health of Cambria County, discretely presented component units, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cambria, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 and 19 to the financial statements, the County adopted the Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, for the year ended December 31, 2020, which represents a change in accounting principle and resulted in a prior period adjustment to the County's net position for its Fiduciary Funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of employer contributions, changes in net pension liability and related ratios, County contributions, investment returns, and budgetary comparison information on pages III-XV and 72-83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Cambria's basic financial statements. The combining and individual nonmajor fund financial statements and the combining and individual component unit financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have issued our separate report dated June 18, 2021, on our consideration of the County of Cambria's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Cambria's internal control over financial reporting and compliance.

Amounts reported for governmental activities in the statement of net position are different because:

Long-term liabilities, including bonds payable, net pension liability, other post-employment benefits liability, accrued interest on bonds, compensated absences, and certain amounts due to other governments are not due and payable in the current period and therefore are not reported as a fund liability

Deferred inflows and outflows related to participation in the defined benefit pension plan and other post-employment benefits are not reported in the funds

The difference in net position between full accrual accounting and modified accrual accounting due to differing revenue recognition criteria between the two methods

Capital assets in governmental activities are not financial resources and, therefore, are not reported in the funds

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds (page 8)	\$ 20,428,750
 The portion of accrued wages and benefits in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds (compensated absences, workers' compensation, etc.)	 52,432
 The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of the differences in the treatment of long-term debt on the statement of activities.	 (17,571,308)
 Accrued interest expense in the statement of activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in governmental funds.	 (217,471)
 Contributions to the pension plan are recognized as an expenditure in the governmental funds when they are due, and thus requires the use of current financial resources. The net pension liability and deferred inflows and outflows related to the participation in the defined benefit pension plan in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 3,374,822
 The Other Post Employment Benefit (OPEB) liability and deferred inflows and outflows related to participation in the OPEB plan in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (5,787,640)
 The difference in the change in net position between full accrual accounting and modified accrual accounting due to differing revenue recognition criteria between the two accounting methods.	 (334,130)
 The net effect of various transactions involving capital assets, (i.e. purchases, disposals, depreciation, etc.) is to increase net position.	 10,019,833
 Notes receivable recorded as cash outlays in the funds.	 <u>252,199</u>
 Change in net position of governmental activities (page 5)	 <u><u>\$ 10,217,487</u></u>

COUNTY OF CAMBRIA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Cambria (the "County") is a fourth class county that was formed on March 26, 1804, and operates under the direction of an elected Board of Commissioners, and provides the following services: general administrative services, tax assessment and collection, judicial, public improvements, public safety, corrections, conservation and development, culture and recreation, and human services programs.

The County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County has elected to apply Financial Accounting Standards Board (FASB) Accounting Standards Codification to its business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements.

The following is a summary of significant accounting policies of the County of Cambria:

a. Financial Reporting Entity

The County follows the Statement of Governmental Accounting Standards Board No. 61, "The Financial Reporting Entity." The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The County holds the corporate powers of the organization
- The County appoints a voting majority of the organization's board
- The County is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the County
- There is fiscal dependency by the organization on the County

Based on the aforementioned criteria, the County of Cambria has the following discretely presented component units:

Cambria County Planning Commission

The members of the governing board of the Cambria County Planning Commission are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits. In addition, the County must approve any issuance of debt. The reporting period for the Cambria County Planning Commission is June 30, 2020.

Redevelopment Authority of Cambria County

The members of the governing board of the Redevelopment Authority of Cambria County are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits. In addition, the County must approve any issuance of debt.

Cambria Library Association

The County provides financial support through a tax levy which supplements State Library Aid and fees to fund operating expenditures. In addition, the County must approve any issuance of debt.

Johnstown-Cambria County Airport Authority

The members of the governing board of the Johnstown-Cambria County Airport Authority are appointed by the Board of County Commissioners. The County provides financial support through appropriations and its obligation to fund deficits. In addition, the County must approve any issuance of debt.

Cambria County Transit Authority

The members of the governing board of the Cambria County Transit Authority are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits. In addition, the County must approve any issuance of debt. The reporting period for the Cambria County Transit Authority is June 30, 2020.

Cambria County Solid Waste Management Authority

The members of the governing board of the Cambria County Solid Waste Management Authority are appointed by the Board of County Commissioners. The County provides financial support through appropriations. In addition, the County must approve any issuance of debt.

Cambria County Conservation and Recreation Authority

The members of the governing board of the Cambria County Conservation and Recreation Authority are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits.

Pennsylvania Highlands Community College

The members of the governing board of the Pennsylvania Highlands Community College are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits. In addition, the County must approve any issuance of debt. The reporting period for the Pennsylvania Highlands Community College is June 30, 2020.

Cambria County War Memorial Arena Authority

The County provides financial support through its obligation to fund deficits. In addition, the County must approve any issuance of debt. The reporting period for the Cambria County War Memorial Arena Authority is June 30, 2020.

Behavioral Health of Cambria County

The members of the governing board of Behavioral Health of Cambria County are appointed by the Board of County Commissioners. The County provides financial support through its obligation to fund deficits.

Complete financial statements of the individual Component Units can be obtained from their respective administrative offices.

Related Organizations

The Board of County Commissioners is also responsible for appointing the members of the governing boards of other organizations, but the County's accountability for these organizations generally does not extend beyond making the appointments. These organizations include:

- Cambria County General Financing Authority
- Cambria County Industrial Development Authority
- Cambria Somerset Authority

b. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

c. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three (3) categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows, and liabilities and deferred inflows, is reported as fund balance.

The following are the County's major governmental funds:

General Fund

The General Fund is the general operating fund of the County used to account for all financial resources, except those required to be accounted for in another fund. General tax revenues of the County, as well as other resources received and not designated for a specific purpose, are accounted for in the General Fund.

Health Choices Fund

The Health Choices fund is utilized to account for all financial resources used to operate, manage and administer the Health Choices Behavioral Health Program of Cambria County. The funding of the Health Choices Program is received from the PA Department of Human Services.

Area Agency on Aging Fund

The PA Department of Aging provides the majority of the funding for this program. This funding is comprised of both state and federal monies. The agency uses these monies to benefit any Cambria County citizen ages sixty (60) and older (e.g. Meals on Wheels, Senior Centers).

Children and Youth Fund

The PA Department of Human Services provides the majority of the funding for this program. This funding is comprised of both state and federal monies. These monies are used to provide protective children services to the age of twenty-one (21), through counseling, in-home and residential services.

Behavioral Health/Intellectual Disabilities & Early Intervention Programs

The Behavioral Health/Intellectual Disabilities & Early Intervention Programs both receive the majority of their funding from the PA Department of Human Services. This funding is both state and federal monies. The Behavioral Health program provides behavioral health services such as outpatient, partial hospitalization, and residential to Cambria County residents. The Intellectual Disabilities program provides services to clients with intellectual disabilities through residential placement.

Capital Projects Fund

The Capital Projects Fund is utilized to track the expense of certain capital projects within the County. The projects are approved by the County Commissioners at public meetings. The funding of these projects come from Bond or Loan proceeds or state or federal grants.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose; the accumulation of resources for, and payment of debt; and the acquisition or construction of major capital facilities.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The County's proprietary funds may be used to account for any activity for which a fee is charged to external users for goods or services.

The following are the County's major proprietary funds:

Central Park Complex Fund

The County owns the building called "Central Park Complex" in downtown Johnstown. The County collects rents from tenants in the building (e.g. Human Services Programs such as Area Agency on Aging, Behavioral Health/Intellectual Disabilities & Early Intervention, Children and Youth, and Drug and Alcohol). The rental income is used to maintain the building and pay the related utility bills for the building.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The County's investment trust fund accounts for the external portion of the cash management pool, which represents resources that belong to legally separate entities. The County's custodial funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures collected and distributed to other political subdivisions.

d. Measurement Focus and Basis of Accounting

Government-Wide Financial Statements

The government-wide financial statements, component unit financial statements, and fund financial statements for proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, deferred outflows, liabilities, and deferred inflows (whether current or non-current) are included on the balance sheet and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounts, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of timing of related cash flows.

The County and its component units apply all GASB pronouncements and all Financial Accounting Standards Board (FASB) Accounting Standards Codification, unless they conflict with GASB pronouncements.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows and current liabilities and deferred inflows are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Proprietary Fund Financial Statements

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in revenues, expenses, and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise activities.

Proprietary funds separate all activity into two (2) categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses. Non-operating revenues and expenses include capital and non-capital financing activities and investing activities.

e. Basis of Accounting for Component Units

Cambria County Planning Commission

The Cambria County Planning Commission's financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP). The Commission applies all Governmental Accounting Standards Board (GASB) pronouncements. All activities of the Commission are accounted for within a single proprietary (enterprise) fund.

Redevelopment Authority of Cambria County

The Redevelopment Authority of Cambria County's financial statements are prepared in accordance with generally accepted accounting principles. The activities of the Authority are accounted for within a general fund, special revenue funds, and one business-type activities fund. The government-wide financial statements and proprietary fund financial statements are prepared using the accrual basis of accounting. The governmental fund financial statements are prepared on the modified accrual basis of accounting.

Cambria Library Association

The financial statements of the Cambria Library Association have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement preparation follows the recommendations of the Financial Accounting Standards Board ASC, Financial Statements of Not-for-Profit Organizations. Under the FASB ASC, the library is required to report information regarding its financial position and activities according to two (2) classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Johnstown-Cambria County Airport Authority

The Johnstown-Cambria County Airport Authority's financial statements are presented on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP). The activities of the Authority are accounted for within a single proprietary (enterprise) fund. An enterprise fund is used to account for operations, which are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Cambria County Transit Authority

The financial statements of the Cambria County Transit Authority have been prepared in conformity with Generally Accepted Accounting Principles (GAAP). The operations of the Authority are accounted for through a single proprietary (enterprise) fund. The enterprise fund is accounted for on a flow of economic resources measurement focus.

Cambria County Solid Waste Management Authority

The financial statements of the Cambria County Solid Waste Management Authority have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The operations of the Authority are accounted for through a single proprietary (enterprise) fund. The enterprise fund is accounted for on a flow of economic resources measurement focus.

Cambria County Conservation and Recreation Authority

The Cambria County Conservation and Recreation Authority's financial statements are accounted for using the accrual basis of accounting. Under this method, revenues are recognized when received, unless they are susceptible to accrual, and expenses are recognized when incurred. The accounts of the Authority are organized on the basis of a proprietary fund type, specifically an enterprise fund.

Pennsylvania Highlands Community College

The Pennsylvania Highlands Community College's financial statements are reported using the economic resources measurement focus and presented on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). The College applies all Governmental Accounting Standards Board (GASB) pronouncements. All activities of the College are accounted for within a single proprietary (enterprise) fund.

Cambria County War Memorial Arena Authority

The Cambria County War Memorial Arena Authority's financial statements are presented on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). The Authority applies all Governmental Accounting Standards Board (GASB) pronouncements. All activities of the Authority are accounted for within a single proprietary (enterprise) fund.

Behavioral Health of Cambria County

The financial statements of the Behavioral Health of Cambria County have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement preparation follows the recommendations of the Financial Accounting Standards Board ASC, Financial Statements of Not-for-Profit Organizations. Under the FASB ASC, the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

f. Unearned Revenues

Unearned revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at December 31, 2020, but were levied to finance 2020 operations, have been recorded as unearned revenue. Grants and entitlements received before the eligibility requirements were met have also been recorded as unearned revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as unearned revenue.

g. Investments

Investments of all funds are stated at fair value.

h. Budgets and Budgetary Accounting

Commonwealth of Pennsylvania statutes require that County Governments establish budgetary systems and adopt annual operating budgets. The County's annual budget includes the General Fund and Certain Special Revenue Funds, and is based on estimates of revenues and expenditures approved by the Commissioners. The County of Cambria follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 1, the department heads submit to the County Commissioners proposed operating budgets for the fiscal year which commences on January 1.
2. The County Finance Director assembles the preliminary projections of revenues and expenditures into a formal budget incorporating any revisions or adjustments resulting from the Commissioners' review.
3. Public hearings are conducted on the proposed budget. The proposed budget is available for public inspection for twenty (20) days prior to final adoption.
4. After the twenty (20)-day inspection period, but prior to December 31, the County Commissioners adopt the final budget by enacting an appropriate resolution.
5. The formal budgetary process is employed as a planning device. The adopted budget is on a basis consistent with GAAP. Budget amounts are as originally adopted by the County Commissioners. All budget adjustments are prepared and signed by the department head or row officer. Any overall budget increases/decreases are prepared and approved by the Commissioner's office.

i. Cash and Cash Equivalents

The County considers all unrestricted highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

j. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the governmental-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the County as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Assets are recorded at historical cost or estimated historical cost if historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Infrastructure assets are reported in the business-type and governmental activities columns. Infrastructure in the business-type activities columns is classified as improvements other than buildings and consists of water and sewer lines. Infrastructure reported in the governmental activities column consists of County bridges constructed after 1980.

The County depreciates assets on a straight line basis using the following estimated useful lives.

<u>Description</u>	<u>Estimated Lives</u>
Infrastructure	50 years
Site Improvements	15-30 years
Office Furniture & Equipment	8-15 years
Building & Permanent Fixtures	20-40 years
General Equipment	10-15 years
Radio Equipment	10 years
Computer Hardware & Software	5 years
Vehicles	8 years

Capital Assets and Depreciation – Component Units

The component units record assets at cost. The assets are depreciated on the straight-line method using three (3) to thirty (30) year estimated useful lives. Upon retirement, asset cost and related depreciation are removed from the books. Repairs and maintenance are expensed when incurred.

k. Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as “Interfund Receivables/Payables.” Interfund balances within governmental activities and within business-type activities are eliminated on the government-wide statement of net position. The only interfund balances which remain on the government-wide statement of net position are those between governmental and business-type activities. These amounts are reflected as “Internal Balances.”

Balances at December 31, 2020 were as follows:

<u>Governmental Fund Types</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>

I. Fund Balance

The County follows GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This statement requires the governmental funds' fund balances to be classified into the following five categories.

Nonspendable – fund balance permanently restricted and unavailable for current operations

Restricted – fund balance temporarily restricted for specified purposes stipulated by constitution, external resource providers, or through enabling legislation

Committed – fund balance temporarily restricted for specified purposes established by a formal action by the Board of Commissioners. Formal action by the Board of Commissioners is also necessary to modify or rescind a fund balance commitment.

Assigned – fund balance intended for a specific purpose that does not meet the criteria to be classified as restricted or committed. The Board of Commissioners has authorized the Chief Clerk and the County Controller as the officials authorized to assign fund balance to a specific purpose.

Unassigned – fund balance available for operations without any restriction.

The Board of Commissioners will spend the most restricted dollars before less restricted in the order as defined above.

The County of Cambria reports the following as restricted and committed fund balance:

Debt Service Fund

Restricted – Tax Assessment \$ 509,070

These funds include money collected by the County, which are restricted for debt service, at a rate of 4 mills in 2020.

Liquid Fuels Tax Fund

Restricted – PA Department of Transportation \$ 2,259,929

These funds include money received from the PA Department of Transportation, which are restricted under Act 44, Act 89 and PA Title 75, Chapter 90.

Act 13 Fund

Restricted – PA Department of Transportation \$ 1,133,596

These funds include money received from the PA Department of Transportation, which are restricted under Pennsylvania Act 13 of 2012.

Act 152 Fund

Restricted – PA General Assembly \$ 127,089

These funds include money collected by the County Recorder of Deeds which are restricted under Pennsylvania Act 152 of 2016.

District Attorney Federal Equitable Share

Restricted – US Attorney General \$ 1,884

These funds include assets seized by law enforcement for crimes committed under certain PA criminal statutes and subsequently forfeited.

m. Net Position

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows. Net position is classified in the following three components:

Investment in capital assets, net of related debt – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets.

Restricted – This component of net position consists of limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Unrestricted – This component of net position consists of net positions that do not meet the definition of “restricted” or “investment in capital assets, net of related debt.”

The County’s policy is to first apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

The following is a summary of the County’s restricted net positions as of December 31, 2020:

Primary Government

Restricted by Tax Assessment	\$ <u>509,070</u>
Restricted by PA Department of Transportation	\$ <u>3,393,525</u>
Restricted by PA General Assembly	\$ <u>127,089</u>
Restricted by US Attorney General	\$ <u>1,884</u>

Component Units

Cambria Library Association	\$ <u>914,130</u>
-----------------------------	-------------------

This restriction has been established to segregate donor restricted funds or restrictions otherwise not available for general operation purposes.

Community College

\$ 1,348,323

This restriction has been established for resources which the Foundation is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Behavioral Health of Cambria County

\$ 4,827,130

This restriction has been established for Pennsylvania Department of Human Services Reinvestment Funds and Risk and Contingency Funds that have not yet been spent for the specified purpose.

War Memorial Arena Authority

\$ 3,350

This represents funds restricted for the veteran's museum and seat plaques for veterans.

n. Property Tax Revenues

Property taxes collected within sixty (60) days subsequent to December 31 are recognized as revenue for the year ending December 31, in accordance with applicable GASB standards. County policy is to establish a reserve for uncollectible real estate taxes, which are generally defined as those in excess of two (2) years past due, unless unusual circumstances exist.

o. Interfund Transfers

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

p. Indirect Costs, Maintenance in Lieu of Rent, Allocated Costs

Indirect costs, maintenance in lieu of rent, and allocated costs are charged to various state and federal programs based on a formal plan developed annually by the County. These costs are reflected as expenditures/ expenses in those funds benefiting from the services provided and as a reduction of expenditures in the General Fund which provides the services. These costs are recorded on a full absorption basis in order to reflect the total cost of operations of the various funds.

q. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources reported in the governmental fund financial statements represent revenues that are measureable but not available and, in accordance with the modified accrual basis of accounting, are reported as deferred inflows of resources. The County deems revenues received within ninety (90) days of year-end to be available with the exception of property taxes, which must be received within sixty (60) days of year-end to be deemed available.

r. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities statement of net position. In the government-wide financial statements, bond premiums and discounts, and deferred losses on defeasement (deferred outflows) are deferred and amortized over the term of the bonds using the effective interest method. In the governmental funds, these costs are reported as expenditures when the related liability is incurred.

s. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

t. Joint Venture

The County of Cambria participates in a joint venture with Somerset County, Pennsylvania. This joint venture, Cambria Somerset Authority and Combined Affiliates, is described as follows:

Reporting Entity and Nature of Activities

The combined financial statements present the accounts and transactions of the Cambria Somerset Authority ("CSA") and its Combined Affiliates ("the Authority"), Cambria and Somerset Counties Conservancy ("CSCC") and Manufacturer's Water Company ("MWC"). All significant inter-company transactions have been eliminated in the combination.

CSA was incorporated by the counties of Cambria and Somerset in 1999, under the Municipalities Act of 1945 as amended in order to acquire the operations and property of MWC, an entity owned by Bethlehem Steel Corporation. The common stock of MWC was actually acquired by CSCC (formerly CSA Nonprofit, Inc.), a nonprofit component unit of CSA. Together, all three of these entities (CSA, CSCC and MWC) comprise the Cambria Somerset Authority and Combined Affiliates (the "Authority"). CSA owns and operates five dams in the counties of Cambria and Somerset.

Financial Information

Selected financial information from the most recently issued reports of the Authority is presented below. Complete financial statements are available from the Authority's offices at 227 Franklin Street, Suite 306, Johnstown, Pennsylvania 15901.

Financial Reporting Relationship between Cambria County and Cambria Somerset Authority

Cambria County has provided a guaranty agreement in which the County guarantees the payment of \$1,798,434 of the Authority's Guaranteed 2015 Water Revenue Note. See Note 16 for further details.

u. *New GASB Pronouncements*

In the current year, the County has implemented GASB Statement No. 84, *Fiduciary Activities*. This Statement established criteria for identifying fiduciary activities of all state and local governments. As a result, the beginning net position of the fiduciary funds was restated with an increase of \$607,667.

In the current year, the County has implemented GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The adoption of this Statement had no effect on previously reported amounts.

v. *Pending Changes in Accounting Principles*

NOTE 2 CASH AND INVESTMENTS

Under Section 1706 of the County Code of the Commonwealth of Pennsylvania, the County is authorized to invest its funds in the following:

- United States Treasury Bills.
- Short-term obligations of the United States Government or its agencies or instrumentalities.
- Deposits in savings accounts or time deposits, other than certificates of deposit, or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation ("FDIC") or other like insurance.
- Obligations of the United States or any of its agencies or instrumentalities backed by the full faith and credit of the United States, the Commonwealth of Pennsylvania, or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933.

- Certificates of deposit purchased from institutions having their principal place of business in or outside the Commonwealth of Pennsylvania, which are insured by the FDIC or other like insurance. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets pursuant to Act No. 72 of the General Assembly. Certificates of deposit may not exceed twenty percent (20%) of a bank's total capital surplus or twenty percent (20%) of a savings and loan's or savings bank's assets net of its liabilities.
- Commercial paper and prime commercial paper meeting certain requirements.
- Repurchase agreements, which are fully collateralized by obligations of the United States of America.

In addition, the County Code provides that the Retirement Trust Fund may make any investment authorized by 20 PA.A. Ch. 7302b (relating to fiduciaries' investments).

For all deposits above the insured maximum, assets are pledged as collateral under Subsection (c)(3), to be pooled in accordance with the Act of August 6, 1971 (P.L. 281, No. 72).

It is the policy of the County to invest funds under the County's control principally in certificates of deposit, repurchase agreements, U.S. Government Securities, and money market mutual funds. Funds under the County's direct control exclude monies in the Retirement Trust Fund, Projects Funds, and Workmen's Compensation Trust Fund.

As of December 31, 2020, cash balances were covered by the FDIC or by pledged collateral held by the financial institutions' trust departments or custodial agents for the benefit of the County.

Cash and investments as of December 31, 2020 are classified in the accompanying financial statements as follows:

Statement of net position:	
Cash and investments	\$ 34,323,984
Cash held for clients as representative payee and guardianship program	156,620
Statement of Fiduciary net position:	
Cash and investments	<u>242,423,694</u>
Total Cash and Investments	<u>\$ 276,904,298</u>

Cash and investments as of December 31, 2020 consist of the following:

Cash on hand	\$ 31,765
Deposits with financial institutions	43,017,040
Investments	<u>233,855,493</u>
Total Cash and Investments	<u>\$ 276,904,298</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the County's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the County's investments by maturity:

Type	12 Months or Less	13 to 36 Months	37 to 60 Months	More Than 60 Months
Fixed Income Securities	<u>\$18,010,528</u>	<u>\$14,829,549</u>	<u>\$17,578,861</u>	<u>\$17,060,556</u>

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of year end for each type of fixed income investment that received a rating:

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Pennsylvania Government Code and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The Pennsylvania Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool equal at least one hundred ten percent (110%) of the total amount deposited by the public agencies.

GASB Statement No. 40 requires that the following disclosure be made with respect to custodial credit risks relating to deposits and investments: As of December 31, 2020, County investments by the following investment types were uncollateralized, which includes deposits collateralized by securities held by the pledging financial institution or by its trust department or agent, but not in the County's name. County investments subject to this risk include investments in the pension trust fund and the worker's compensation fund.

<u>Investment</u>	<u>Reported Amount</u>
Fixed	\$ 67,166,193
Domestic Equity	118,727,861
International Equity	19,311,723
Real Estate	29,257,348
Temporary Investment - Cash	<u>2,460,569</u>
	<u>\$ 236,923,694</u>

Foreign Currency

Foreign currency risk is the risk that the changes in foreign exchange rates will adversely affect the fair value of an investment. The County has \$19,311,723 in investments subject to foreign currency risk at year end.

Investment Risk

The Cambria County Employees Retirement Fund is a limited partner in Ironsides Co-Investment Fund III, L.P., Ironsides Co-Investment V, L.P., Ironsides Opportunities Fund, L.P., and Ironsides Opportunities Annex Fund, L.P. Constitution Capital Partners, LLC serves as the investment management and is registered with the U.S. Securities and Exchange Commission under the Investment Advisors Act of 1940, as amended. The Fund is an investment company in accordance with Accounting Standards Codification 946. Therefore the Fund follows the accounting and reporting guidance for investment companies. The Fund is organized for the purpose of investing in privately negotiated transactions, generally sourced on a co-investment basis with certain private equity partnerships in companies whose principal operations are in North America in accordance with the investment objectives, policies, procedures and restrictions.

The methods used to value these investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments – Fair Value Measurements

Generally accepted accounting principles define fair value, describe a framework for measuring fair value, and require disclosure about fair value measurements. Recurring fair value measurements are those that GASB Statements require or permit in the statement of net position at the end of each reporting period. The established framework includes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the assets or liabilities fall within different levels of the hierarchy, the classification is based on the lowest level input that is significant to the fair value measurement of the asset or liability. Classification of assets and liabilities within the hierarchy considers the markets in which the assets and liabilities are traded and reliability and transparency of the assumptions used to determine fair value. The hierarchy requires the use of observable market data when available. The levels of the hierarchy and those investments included in each are as follows:

Level 1 – Represented by quoted prices available in an active market. Level 1 securities include highly liquid government bonds, treasury securities, mortgage products and exchange traded equities and mutual funds.

Level 2 – Represented by assets and liabilities similar to Level 1 where quoted prices are not available, but are observable, either directly or indirectly through corroboration with observable market data, such as quoted prices for similar securities and quoted prices in inactive markets and estimated using price models or discounted cash flows. Level 2 securities would include U.S. agency securities, mortgage-based agency securities, obligations of states, and political subdivisions and certain corporate, asset backed securities, swap agreements, and life insurance contracts.

Level 3 – Represented by financial instruments where there is limited activity or unobservable market prices and pricing models significant to determining the fair value measurement include the reporting entity's own assumptions about the market risk. Level 3 securities would include hedge funds, private equity securities, and those with internally developed values.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value on the statement of fiduciary net position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds and Stocks: Valued at the closing price reported on the active market on which the securities are traded.

Government Obligations and Corporate Bonds: Government obligations consisting of U.S. Treasury bonds and notes, agency securities, mortgage backed securities and corporate debt obligations consisting of bonds are generally valued at the most recent price of the equivalent quotes yield for such securities, or those of comparable maturity, quality and type. Such investments are generally classified within Level 2 of the valuation hierarchy.

Private Equity Securities: The Cambria County Employees Retirement Fund is a limited partner in Ironside Co-Investment Fund III. Investments are stated at fair value, as determined in good faith by the General Partner, after consideration of pertinent information including available market prices, types of securities, marketability, restrictions on disposition, subsequent purchases of the same or similar securities by other investors, pending mergers or acquisitions, current financial position, operating results and other appropriate information. The fair values assigned to the securities held are based on available information and do not necessarily represent amounts which might ultimately be realized, since such amounts depend on future circumstances and may not be reasonably determined until the individual positions are liquidated. Such securities are classified within Level 3 of the valuation hierarchy.

The following table sets forth by level within the fair value hierarchy, the financial assets that were accounted for at fair value on a recurring basis as of December 31, 2020:

	Fair Value Measurements at Reporting Date		
	Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 3 REAL ESTATE TAXES

Real estate taxes attach an enforceable lien on property on January 1. Taxes are billed on or about March 1, payable under the following terms: two percent (2%) discount, March 1 through April 30; face amount, May 1 through June 30, and ten percent (10%) penalty after July 1. The County bills these taxes, which are collected by elected local tax collectors. The County collects delinquent real estate taxes on behalf of itself and other taxing authorities. Real estate tax revenues are recognized in the period in which they become susceptible to accrual, that is, when they become both measurable and available.

The rate of taxation in 2020 was 33.5 mills, of which 4 mills were designated for debt service, 1 mills were designated for community college purposes, .50 mills were designated for county library purposes, .50 mills for parks and playgrounds purposes, and the remaining 27.5 mills for general purposes.

The County, in accordance with GAAP, recognized the delinquent and unpaid taxes receivable reduced by an allowance for uncollectible taxes as determined by the administration. The net amount estimated to be collectible which was measurable and available within sixty (60) days was recognized as revenue. All taxes, net of uncollectible amounts, are recognized in the period for which levied in the government-wide financial statements, regardless of when collected.

Taxes Receivable:

Fund Financial Statement

Taxes receivable in the amount of \$5,505,490 as stated on the Governmental Funds Balance Sheet, are actual legal claims of lien properties. The County has recorded unearned taxes receivable of \$4,483,767 on the fund level financial statements, to comply with GASB No. 22, reported on the modified accrual basis of accounting.

Government-Wide Financial Statement

In addition to the taxes receivable noted above, the Statement of Net Position includes taxes receivable from years 2020 and prior that are summarized as follows:

	<u>Gross Taxes Receivable</u>	<u>Allowance for Uncollectibles</u>	<u>Net Estimated to be Collectible</u>
Property taxes	<u>\$7,647,681</u>	<u>\$(2,142,191)</u>	<u>\$ 5,505,490</u>

NOTE 4 DUE FROM / DUE TO OTHER GOVERNMENTS

Amounts due from other governments are generally comprised of amounts due from Federal, State, and Local governmental units for reimbursement due under the grant programs at December 31, 2020.

Amounts due to other governments are generally comprised of interest earned on state grants required to be returned to the state for which program expenditures have not occurred at December 31, 2020.

During 2015, the Commonwealth of Pennsylvania Auditor General performed an audit of Children and Youth funds for fiscal years 2010-2011 and 2011-2012. The State determined that the County started receiving Special Grants in 2008, which were for specific purposes and fall outside of the Act 148 funding. However, expenditures relating to these Special Grants were included in the Act 148 reports and therefore included in the reimbursement calculations from the State. As a result, the County received reimbursement on both the Special Grants and the Act 148 Funds for the same expenditures. The balance of the overpayment at December 31, 2019, was \$243,768. Payments of \$81,257 were made during 2020, and the balance of \$162,511 is included in the amounts due to other governments.

NOTE 6 EMPLOYEE RETIREMENT TRUST PLAN

Plan Description

The County of Cambria provides a single-employer defined benefit pension plan which is included in the financial statements of the County of Cambria as a retirement trust fund. The plan provides retirement, disability and death benefits to plan members and their beneficiaries pursuant to Act 96 of 1971 of the Commonwealth of Pennsylvania (County Pension Law), which may be amended by the General Assembly of the Commonwealth of Pennsylvania. Cost-of-living adjustments (COLA) are provided at the discretion of the County Retirement Board.

Plan Administration

The pension plan is administered by the County Retirement Board. Per the plan document, the Retirement board is comprised of five (5) individuals consisting of the three (3) county commissioners, the county controller and the county treasurer. The Retirement Board has the discretion and authority to interpret the Plan and to determine the eligibility and benefits of participants and beneficiaries pursuant to the provisions of the plan. On all such matters, the decision of a quorum of the then members of the Retirement Board shall govern and be binding upon the Employer, participants, and beneficiaries. The Retirement Board meets monthly during the year. However, the Retirement Board need not call or hold any meeting for the purpose of rendering decisions but such decisions may be evidenced by a written document designed by the members.

Basis of Accounting

The financial statements of the retirement trust fund are prepared on the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

All investments of the retirement trust fund are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

Contributions

Plan members are required to contribute nine percent (9%) of their annual covered salary. The County contributions are determined as part of an annual actuarial valuation. Per Act 96 of 1971, as amended, contribution requirements of the plan members and the County are established and may be amended by the General Assembly of the Commonwealth of Pennsylvania. Administrative costs of the plan are financed through investment earnings.

Membership

Membership of the plan consisted of the following at December 31, 2020, the date of the latest actuarial valuation:

Retirees and Beneficiaries Receiving Benefits	1,128
Terminated Plan Members Entitled to But Not Yet Receiving Benefits	125
Active Plan Members	<u>628</u>
	<u>1,881</u>

Actuarial Methods and Assumptions

The County has an actuarial valuation prepared on an annual basis. The following methods and assumptions were used to prepare the valuation:

Valuation Date:	December 31, 2020
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Market Value of Assets
Actuarial Assumptions:	
Investment Rate of Return	7.00%
Projected Salary Increases	3.50%
Mortality Rates	Pub-2010 General Amount-Weighted Mortality tables with MP-2020 generational improvement scale

Annual Pension Cost and Net Pension Obligation

The County's Annual Required Contribution for 2020 was determined as part of the December 31, 2019, actuarial valuation. The County's annual required contribution and net pension obligation to the Cambria County Employee's Retirement System were \$3,154,117 for 2020. The Entry Age Normal actuarial cost method was used to determine the annual required contribution.

Funded Status and Funding Progress

As of December 31, 2020, the most recent actuarial valuation date, the Plan was valued under the Entry Age Actuarial Cost Method. Under this basis, the Plan was ninety-two percent (92%) funded. The Entry Age actuarial accrued liability for benefits was \$260.2 million, and the actuarial value of assets was \$239.8 million, resulting in an unfunded Entry Age actuarial accrued liability (UAAL) of \$20.4 million. The covered payroll (annual payroll of active employees covered by the Plan) was \$25.7 million and the ratio of the UAAL to the covered payroll was eighty percent (80%).

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County, calculated using the discount rate of 7.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	-1% (6.00%)	Current Discount Rate (7.00%)	+1% (8.00%)
Net pension liability	\$43,636,552	\$20,487,793	\$933,776

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2020, the County recognized pension expense of \$(220,707). At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,511,580	\$ ---
Change of assumptions	5,378,199	---
Net difference between projected and actual earnings on pension plan investments	9,665,515	(37,081,307)
Total	<u>\$16,555,294</u>	<u>\$(37,081,307)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2021	\$(4,661,089)
2022	(2,005,727)
2023	(9,195,105)
2024	(4,664,092)

Rate of Return on Investments

For the 2020 measurement period, the annual money-weighted rate of return on the County's pension plan investments, net of pension plan investment expense, was 18.3%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Investment Policy

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the County Retirement Board by a majority vote of its members. It is the policy of County Retirement Board to broadly diversify the plan's investments to maximize long-term investment returns and minimize the risk of substantial loss as measured by a percentage of the plan's assets.

The plan will be invested consistent with an overall asset allocation strategy. This strategy identifies a portfolio structure and sets a long term percentage target for the amount of the plan's market value that is to be invested in each asset class. It is the general policy to have the assets of the plan invested in accordance with the following asset allocation model:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>December 31, 2020 Actual Allocation</u>
Money Market	0.0%	0.0%
Equities	57.0%	58.9%
Fixed Income	30.0%	28.7%
Real Estate	5.0%	4.4%
Non-Traditional	<u>8.0%</u>	<u>8.0%</u>
Total	<u>100.0%</u>	<u>100.0%</u>

Concentrations

As of December 31, 2020, the pension plan held the following investments that represented five percent (5%) or more of the pension plan's fiduciary net position:

<u>Investment</u>	<u>Balance</u>
Vanguard Value Index-INST	\$ 34,234,410
Vanguard Growth Index-INST	\$ 35,286,290
Chartwell S/D High Yield-I	\$ 12,264,640

See the Required Supplementary Information schedules for additional required financial statement disclosures related to the County's pension plan.

NOTE 7 OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

Cambria County sponsors a single-employer post-retirement medical plan. The plan provides medical and death benefits to eligible retirees and their spouses.

Funding Policy

The County intends to fully fund any annual short-fall between OPEB annual required contribution and actual pay-go expense into a legally executed trust fund. The trust fund will be invested as a long-term pension trust, using an appropriately balanced portfolio of equities and debt instruments, to prudently maximize long-term investment returns.

Membership

Membership of the plan consisted of the following at December 31, 2020, the date of the latest actuarial valuation:

Retirees and Spouses with Medical Coverage	691
Inactive with Life Coverage Only	519
Active Plan Members	<u>628</u>
	<u>1,838</u>

Actuarial Methods and Assumptions

Funded Status and Funding Progress

As of December 31, 2020, the most recent actuarial valuation date, the Plan was 0% funded. The actuarial accrued liability for benefits was \$94,099,404 and the actuarial value of assets was \$0 resulting in an unfunded actuarial accrued liability (UAAL) of \$94,099,404. The estimated covered payroll (annual payroll of active employees covered by the plan) was \$25,441,225 and the ratio of the UAAL to the covered payroll was three hundred seventy percent (370%).

The total OPEB liability by active/inactive participants is as follows:

Active Employees	\$ 22,795,820
Inactive Participants	<u>71,303,584</u>
Total OPEB Liability	<u>\$ 94,099,404</u>

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.12%. As the Plan is unfunded, the Plan's projected benefits are discounted back using rates equivalent to Aa twenty (20) year municipal bonds. The GO Bond Buyer Index was used to approximate those yields as of December 31, 2020.

2023	6,279,228

See the Required Supplementary Information schedules for additional required financial statement disclosures related to the County's OPEB plan.

NOTE 8 RISK MANAGEMENT

Workers' Compensation

The County is exposed to risk of loss related to self-insurance activities for workers' compensation. The Government-Wide Statement of Net Position accounts for the risk associated with the workers' compensation.

The County is self-insured for workers' compensation. The County has excess workers' compensation insurance with a self-insured retention per occurrence of \$550,000, and a maximum indemnity per occurrence of \$1,000,000. As required by the Pennsylvania Department of Labor and Industry, the County has established an Expendable Trust Fund for workers' compensation. The purpose of the fund is to provide a source of funds for claimants entitled to benefits under Article III Section 305 of the Pennsylvania Workers' Compensation Act.

The County maintains workers' compensation reserves for claims incurred and claims incurred but not reported in the funds to which, per the County's estimate, they apply. The reserves are recorded in the Government-Wide Statement of Net Position.

The accrued liability for workers' compensation is determined by an actuary in accordance with actuarial principles. There have been no changes in insurance coverage, retention limits or excess loss policies from the prior year.

The accrued workers' compensation self-insurance liability at December 31, 2020, is \$260,178, which is included as a long-term obligation on the government-wide statement of net position.

The following summary provides aggregate information on workers' compensation self-insurance liabilities; incurred claims and payments during the years ended December 31, 2020 and 2019:

<u>Year</u>	<u>January 1, Liability</u>	<u>Net Incurred/(Settled) Claims</u>	<u>Refunds/ (Payments)</u>	<u>December 31, Liability</u>
2020	\$ <u>334,392</u>	\$ <u>(249,707)</u>	\$ <u>175,493</u>	\$ <u>260,178</u>
2019	\$ <u>418,795</u>	\$ <u>(43,080)</u>	\$ <u>(41,323)</u>	\$ <u>334,392</u>

Medical Insurance

The County maintains a self-insurance plan to provide medical benefits to employees and retirees. Self-insurance for retirees covers only those that are pre-Medicare. When a retiree qualifies for Medicare, they are moved into the HMO Medicare group, which is fully insured. As part of the self-insurance plan, the County entered into a stop-loss agreement whereby they would be reimbursed for any individual claim in excess of \$250,000 per year per covered individual. The activity for the health insurance plan is recorded within an Internal Service Fund with each department and fund contributing to their share of the costs of providing the insurance.

NOTE 9 CAPITAL CONTRIBUTIONS

Component Units

Summaries of the component units' capital contributions as of December 31, 2020, follow:

Municipal Airport Authority

Certain expenditures for airport capital improvements are significantly funded through the Airport Improvement Program (AIP) of the FAA, with certain matching funds provided by the State and the Authority, or from various state allocations or grant programs. Capital assets purchased with funds contributed by federal and state governments through airport improvement grants are recorded at cost. Capital funding provided under government grants is considered earned as the related allowable expenditures are incurred.

Grants, entitlements, shared revenues and the fair market value of donated property are reported in the Statement of Revenues, Expenses, and Changes in Net Position, after non-operating revenues and expenses as capital contributions which amounted to \$176,934 at December 31, 2020.

Transit Authority

Capital grant contributions from federal and state governments amounted to \$2,292,732 for the Transit Authority at June 30, 2020.

Pennsylvania Highlands Community College

Capital government grants used to purchase capital equipment totaled \$54,575 for the year ended June 30, 2020.

War Memorial Arena Authority

Capital contributions included recognition of one-tenth of the contract acquisition right contribution received from SMG equating to \$17,500 for the year ended June 30, 2020.

Description of Debt

Pertinent information regarding general obligation debt outstanding is presented below:

General Obligation Bonds, Series of 2014

In August 2014, the County issued General Obligation Bonds, Series of 2014, in the amount of \$48,625,000 with an interest rate ranging from 3.0% to 5.0%, resulting in an effective interest rate of 4.684%. The proceeds of the bonds were used for the current refunding of the General Obligation Notes, Series of 2006, Tax Exempt Bank Loan, Series of 2006, General Obligation Note, Series of 2011, Series 2006 A and 2006B Lease Revenue Notes, 2013 Upper Yoder Township Authority Lease Revenue Note, and to pay the costs of issuing the bonds. In addition, a portion of the proceeds were used to advance refund the 2007 Cambria County General Financing Authority lease purchase agreement by establishing a separate irrevocable trust. \$6,871,930 was transferred into the trust and used to purchase investments. The investments and fixed earnings from the investments are sufficient to fully secure the defeased debt until the debt is called or matures. In July 2016, a portion of the General Obligation Bonds, Series of 2014, were currently refunded by the issuance of General Obligation Notes, Series A/B of 2016. In February 2020, a portion of the General Obligations Bonds, Series of 2014, were advance refunded by the issuance of General Obligations Note, Series A of 2020.

General Obligation Bond, Series A of 2015

In November 2015, the County issued General Obligation Bond, Series A of 2015, in the amount of \$49,900 with an interest rate of 3.25%. Principal and interest are payable in sixty (60) monthly payments. The debt was issued through the United States Department of Agriculture Rural Housing Service in conjunction of a federal grant.

General Obligation Bond, Series C of 2015

In November 2015, the County issued General Obligation Bond, Series C of 2015, in the amount of \$48,400 with an interest rate of 3.25%. Principal and interest are payable in sixty (60) monthly payments. The debt was issued through the United States Department of Agriculture Rural Housing Service in conjunction of a federal grant.

General Obligation Notes, Series A/B 2016

In July 2016, the County issued General Obligation Notes, Series A of 2016, and General Obligation Notes, Series B of 2016 in the total amount of \$19,210,000 with an interest rate ranging from 1.4% to 3.91%, resulting in an effective interest rate of 3.5%. The proceeds of the bonds were used to refund, on a current refunding basis, a portion of the County's August 1, 2016 debt service payment in respect to its General Obligation Bonds, Series of 2014 and to pay the cost of issuance. In addition, a portion of the proceeds were used to advance refund a portion of the General Obligation Bonds, Series of 2014 that mature in 2017 through 2023 by establishing a separate irrevocable trust. \$13,366,140 was transferred into the trust and used to purchase investments. The investments and fixed earnings from the investments are sufficient to fully secure the defeased debt until the debt is called or matures.

General Obligation Notes, Series A/B of 2020

In February 2020, the County issued General Obligation Notes, Series A of 2020, and General Obligation Notes, Series B of 2020 in the total amount of \$26,400,000 with an interest rate ranging from 3.07% to 4.00%, resulting in an effective interest rates ranging from 2.20% to 3.07%. The proceeds of the Series A Notes were applied toward: (a) refunding, on an advance refunding basis, certain portions of selected principal maturities, and/or corresponding debt service requirements, of the County's 2014 Bonds, being those principal maturities, in an aggregate principal amount of \$7,145,000, which occur in fiscal years 2020 through 2029, inclusive; and (b) the costs of issuance of, and insurance for, for Series A Notes. The proceeds of the Series B Notes were applied toward: (a) funding various capital projects for the County, including but not limited to the reconstruction of the County's 911 System and improvements to the County-owned sewer lines as well as other capital projects deemed necessary by the County; (b) funding a capitalized interest account; and (c) the costs of issuance of, and insurance for, the Series B Notes.

The difference between the cash flows for the Series A Note required to service the old debt and the cash flows required to service the new debt increased by \$1,717,936. The economic loss resulting from this transaction amounted to \$632,227.

Description of Leases

Former Laurel Crest Rehabilitation and Special Care Center Leases

During 2008, the County leased additional equipment costing \$580,620 through a capital lease, which requires a monthly payment varying from \$3,348 to \$5,700 for one hundred eighty (180) months. The capital lease has an effective interest rate of 4.23%. Equipment valued at \$435,465 was for Laurel Crest Manor and \$145,155 was for general operations.

During 2009, the County leased additional equipment costing \$170,000 through a capital lease, which requires a monthly payment of \$2,410 for eighty-four (84) months. The capital lease has an effective interest rate of 4.33%. Equipment valued at \$127,500 was for Laurel Crest Manor and \$42,500 was for general operations. The lease liability was paid off in 2016.

As a result of the sale of Laurel Crest Rehabilitation and Special Care Center on January 1, 2010, the obligations previously reported within the Laurel Crest Manor fund became general obligations of the County and are being paid back through the debt service fund.

The required principal payments for the leases mentioned above for the next five (5) years are as follows.

NOTE 12 COMMITMENTS AND CONTINGENCIES

Component Units

Redevelopment Authority of Cambria County

Guarantees of Indebtedness

The Authority, through the County of Cambria, is acting as a guarantee of indebtedness in the Federal Section 108 Loan Guarantee Program. The County of Cambria has guaranteed the county entitlement portion of the Community Development Block Grant ("CDBG") as collateral for loans in the amount of \$5,833,333. The Section 108 Loan Guarantee Program permits the borrowing of funds fully guaranteed by the Federal government which is in excess of the annual CDBG county entitlement. The funds were requested by Boscov's for financial assistance in the purchase and restructure of the Company in order to emerge from bankruptcy. The Commonwealth of Pennsylvania has pledged funds to fully guarantee the payment of the Section 108 Loan should Boscov's default on its loan payments.

NOTE 13 COMPENSATED ABSENCES

County policy applicable to vacation, sick pay, and paid time off for employees is as follows:

Vacation Pay

Time accrues for all union employees at various rates based on length of service. Employees are encouraged to utilize earned vacation time by December 31, of each period. If the employee would leave employment, they are paid for any unused or accrued days.

PTO (Paid-Time-Off)

Starting in 2010, all management, middle management, and non-union employees began earning PTO days instead of vacation, sick, personal or floating holidays. PTO time is earned at various rates based on length of service. The appropriate amount of PTO time is credited to the employee's account on January 1st of each year. Employees are encouraged to utilize their time as needed however they are permitted to rollover up to ten (10) unused PTO days per year on December 31. These ten (10) unused days accumulate in a PTO rollover bank up to a maximum of fifty (50) days. If the employee would leave employment, they are paid for any unused PTO days at fifty percent (50%) of their value.

Sick Pay

County union employees may accumulate their unused sick days up to a maximum of one hundred fifty (150) days to be taken in any given year. Starting in 2010, for any employees who started receiving PTO time in lieu of sick time, their old unused sick leave was placed into a “sick grandfathered” bank and no additional days accrue. This old sick time can only be used for approved sick leaves that meet specific guidelines. Upon retirement only, employees are reimbursed for a portion of their accrued or vested sick time.

The entire compensated absences liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. The noncurrent portion of the liability is not reported. At December 31, 2020, \$1,758,440 is reported on the government-wide financial statements for accrued vacation pay and \$260,178 for accrued sick pay, respectively. For enterprise funds, the entire amount of compensated absences is reported as a fund liability. At December 31, 2020, \$9,788 is reported on the enterprise funds for accrued vacation pay and \$2,769 for accrued sick pay, respectively.

NOTE 14 EXPENDITURES IN EXCESS OF BUDGET

For the year ended December 31, 2020, the following funds' expenditures exceeded budget by the following amounts:

The main library occupies a building owned by the County. The Association is not charged for the use of the facility and no value representing the rental value of the facility has been determined.

County Loans to Related Organizations

In August of 2011, the County entered into a loan agreement with the Cambria Somerset Authority whereby the County agreed to advance the Authority such amounts as may be necessary for the Authority to make their bond payments. The amounts advanced for 2011 through 2019 totaled \$2,483,361. The County advanced an additional \$252,199 in 2020, resulting in a total loan receivable balance of \$2,735,560 as of December 31, 2020. The non-interest bearing loan shall be repaid by the Authority to the County as revenue becomes available to the Authority in excess of its reasonable and necessary operations and activities in such amounts as are reasonable and possible under the Authority's operating plan. As a result, the loan receivable is classified as a long-term asset within the Government-Wide Statement of Net Position.

Commitment and Contingency – Cambria County War Memorial Authority

Amendment

On July 10, 2014, the Authority and SMG amended the original management agreement to extend the management term from July 1, 2014 to June 30, 2019. The management agreement was further amended, effective July 1, 2017, through June 30, 2022. SMG merged with AEG Facilities, LLC in October 2019 to form ASM Global. The management agreement remains intact with ASM.

Management Fees

The base management fee will be paid in monthly installments of \$8,000 plus an inflationary adjustment for each fiscal year.

In addition to the base fee, the management company is entitled to an annual incentive fee with respect to each fiscal year. The incentive fee shall be equal to twenty-five percent (25%) of the operating profits of the facilities in excess of \$80,000 for the fiscal year. The incentive fee is due thirty (30) days after the Authority is provided with an invoice setting forth the operating revenues, operating expenses and net operating profit for the previous fiscal year and showing the calculation of the incentive fee payable. Under the terms of the contract, the financial records and reporting are the responsibility of ASM, as well as, to manage and operate the Arena and NCRC. The Authority has the right to audit the annual financial statements for any fiscal year under the agreement and the incentive fee shall be adjusted based on the audited statements. There were no incentive fees due to the management company under the new management agreement for the years ended June 30, 2020 and 2019.

Capital Equipment and Improvements

The obligation to finance, as well as to perform, direct and supervise capital improvements and capital equipment purchases remains with the Authority. Such costs are not considered operating expenses under the terms of the agreement. The Authority maintains ownership of capital investments.

Contract Right Capital Contribution

Upon execution of the second amendment to the management agreement, SMG (now ASM) paid a contract acquisition right in the form of an additional capital contribution in the amount of \$175,000 to the Authority. The funds are to be used at the discretion of the Authority, and the amount shall be amortized on a noncash basis over a period of ten (10) years during the management term and the renewal term, if applicable, on a straight-line, non-interest bearing basis. In the event of the expiration or termination of the agreement for any reason, the Authority or the County shall pay to SMG (ASM) the unamortized amount of the contract right capital contribution existing as of such expiration or termination. The Authority recognized \$17,500 in capital contribution revenue as of June 30, 2020. The Authority further recorded a liability for the unamortized balance of the capital contribution in the amount of \$122,500 as of June 30, 2020, with \$17,500 and \$105,000 included in the current and long-term portions of unearned revenues, respectively.

Termination or Default

Per the existing contract language, in the event this Agreement expires or is terminated (1) all operating expenses incurred or committed prior to the date of expiration or termination shall be paid using funds on deposit in the accounts described in the agreement and, to the extent such funds are not sufficient, the Authority shall pay all such operating expenses, and (2) the Authority shall pay SMG (ASM) all fees earned to the date of expiration or termination (the fees described above hereof being subject to proration). Upon such termination or expiration, all further obligations of the parties hereunder shall terminate except for the obligations that are expressly intended to survive the termination or expiration of this Agreement.

Naming Rights Revenue

On August 29, 2017, the Authority approved the naming rights agreement with 1st Summit Bank. The agreement commenced as of September 1, 2017, and continues through August 31, 2027. As part of the agreement, the Cambria County War Memorial Arena was renamed as the 1st Summit Area at the Cambria County War Memorial. In exchange for naming rights, 1st Summit Bank shall provide annual payments over the ten year period. The original payment schedule was revised to increase the payment for the year ended August 31, 2021 in an effort to mitigate the financial impact from the COVID-19 outbreak. Remaining payments to be received under the revised schedule total \$556,500.

As part of the agreement, the Cambria County Commissioners endeavor to maintain the current funding levels to the Authority for Arena operations for the term of the agreement. If the County Commissioners should decide to lower the annual contribution to the Authority below an amount equal to \$150,000 less the prior year's net Authority profit/fund balance, then 1st Summit Bank may cancel the remainder of the contract. If 1st Summit Bank cancels the naming rights agreements pursuant to these provisions, the County shall reimburse 1st Summit Bank the actual cost of outside signage, not to exceed \$75,000.

NOTE 17 CASH HELD FOR CLIENTS

In the operation of the representative payee program, the County receives cash on behalf of its clients. Such cash is used to pay the related bills and expenses of each participant. This cash is merely held for others and is not available to fund operations of the County. Accordingly, the balances in the accounts are recorded as an asset, cash held for clients as representative payee and guardianship program of \$156,620 as of December 31, 2020. An offsetting liability is recorded, reserved cash held for clients as representative payee and guardianship program, in the accompanying governmental funds balance sheet.

NOTE 18 COMMITMENTS AND CONTINGENCIES

Litigation

The County is involved in various lawsuits arising in the ordinary course of its municipal activities. The County Solicitor and County management believe that the resolution of these actions is not expected to have a material adverse effect on the financial statements of the County.

COVID-19

In January 2020, the World Health Organization declared COVID-19 to constitute a "Public Health Emergency of International Concern." On March 19, 2020, Governor Wolf ordered all non-life sustaining businesses to close their businesses to slow the spread of COVID-19 in the Commonwealth of Pennsylvania. As a result, the County temporarily closed its doors to the public and adapted to remote work environments. In July 2020, the County received \$11,757,491, as part of the Department of Community and Economic Development's (DCED) Community Relief Block Grant (CRBG). These funds are part of Federal legislation, Coronavirus Aid, Relief, and Economic Security (CARES) Act to provide for reimbursement and future costs in 2020 associated with the COVID-19 pandemic. These funds were fully expended as of December 30, 2020, in accordance with the grant stipulations. Given the uncertainty of the situation and related financial impact to the County's revenue sources, the long-term impact on the County cannot be reasonably estimated at this time.

NOTE 19 PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2020, the County adopted new accounting guidance by implementing the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying and reporting fiduciary activities. The implementation of this Statement has resulted in changing the presentation of financial statements by including accruals and ending net position to custodial funds not previously required. Beginning net position as of January 1, 2020 has been restated to reflect this change. The adjustment to beginning balances are as follows:

Net Position of Fiduciary Funds, as originally stated	\$ 213,179,689
Restated due to change in accounting principle	<u>607,667</u>
Net Position of Fiduciary Funds, as restated	<u>\$ 213,787,356</u>

Solid Waste Management Authority

Due to an understated grant receivable (\$2,337) and an understated account receivable (\$13,436), the Authority restated its financial statements for the year ended December 31, 2019. The effect of the restatement on the Authority's net position and change in net position for the year ending December 31, 2019 was as follows:

	<u>As Previously Reported</u>	<u>Adjusted</u>	<u>Restated</u>
Net position as of 1/1/19	\$ 164,951	\$ 8,994	\$ 173,945
Operating grants	69,276	61	69,337
Vehicle expense	(75,949)	<u>6,718</u>	(69,231)
Total restatement		<u>\$ 15,773</u>	

Behavioral Health of Cambria County

The Commonwealth of Pennsylvania, Department of Health and Human Services officially closed Behavioral Health of Cambria County's financial reports for fiscal years 2016 and 2017. Funds recorded as deferred revenue at June 30, 2019 were recouped by the State and Net Assets were adjusted as follows:

Net Assets at June 30, 2019, as originally stated	\$ 5,681,194
Recoupment of funds	<u>(1,372,508)</u>
Net Assets at June 30, 2019, as restated	<u>\$ 4,308,686</u>

NOTE 20 SUBSEQUENT EVENTS

Tax Anticipation Note

In January 2021, the County issued a tax and revenue anticipation note of \$5,000,000 with an interest rate of 0.65%. The note was paid in full on March 26, 2021.

In March 2021, the County approved the Emergency Rental Assistance Program (ERAP) in the amount of \$8,500,000. This program was created to help renters dealing with financial challenges related to the COVID-19 pandemic. Governor Wolf signed Act 1 of 2021 into law on February 5, 2021 allowing the Department of Human Services (DHS) to implement and administer ERAP in accordance with federal law. The program will run until at least September 2021 or until funds are exhausted, whichever is sooner. The program will be administered by the Cambria County BH/ID/EI Department.

In May 2021, the County received \$12,644,135 under the federal American Rescue Plan Act of 2021 (ARPA) through the Pennsylvania Department of Community and Economic Development. Funds can be used to support COVID-19 response efforts, replace lost revenue, support economic stabilization for households and businesses, and address systemic public health and economic challenges. An additional \$12,644,135 will be received in May 2022.

Subsequent events were evaluated through June 18, 2021, the date the financial statements were available to be issued. Subsequent events of which the County is aware have been recognized or disclosed in the financial statements as required.

SUPPLEMENTARY
INFORMATION

COUNTY OF CAMBRIA
NONMAJOR FUNDS

The following are the County's nonmajor funds, for the year ending December 31, 2020:

SPECIAL REVENUE FUNDS:

911 EMERGENCY COMMUNICATIONS FUND: The 911 fund is funded by fees collected on all phone lines (wireline, wireless and VoIP (Voice over IP)) in the County. In June 2015, the state increased the fee to \$1.65 for every line effective 7/1/2015. The fee is collected by each local telephone company and remitted monthly to PEMA at the Commonwealth of Pennsylvania. PEMA quarterly remits a portion of the fees to each County to be used to run the entire emergency communications including 911 call answering, dispatch, etc.

DOMESTIC RELATIONS OFFICE FUND: The PA Department of Human Services provides IV-D monies. These monies are comprised of both state and federal funding. The department uses the funds to provide citizens of Cambria County with domestic relations support. This primarily entails establishment and enforcement of child support orders.

JUVENILE PROBATION FUND: The PA Department of Human Services (state and federal monies), PA Commission on Crime and Delinquency (state and federal monies), and the Juvenile Court Judges Commission (state monies) along with County monies provide the funding to run the Juvenile Probation Office. The funds are used to administer the entire Juvenile Court process.

BOOKING CENTER FUND: Cambria County opened a Central Booking Center (CBC) located at the Cambria County Prison. The CBC was designed to streamline arrests allowing police to return to their community faster, set specific arraignment times for all District Magistrates, and establish an automated centralized fingerprinting facility handling all arrests. The facility opened in May 2013 for the northern areas of Cambria County, going into full operations in July bring the southern end of the county including the City of Johnstown. The CBC is available 24/7 to police as well as established hours for walk-in fingerprinting for those arrested and not under police custody. The revenue is generated by assessing a booking fee to individuals processed by the Center. The fees are collected through the Clerk of Courts office and paid over to the County at the end of each month.

FARMLAND PRESERVATION FUND: The PA Department of Agriculture funds this program along with a contribution from Cambria County. The program's purpose is to buy easement rights or development rights to local farms. By doing so, the farms will remain as farms forever. If a farmer wants to be considered for the program, an appraisal must be performed. The farmer will pay a \$1,750 appraisal security deposit. If the farmer opts into the program, the \$1,750 deposit is returned. If refused, the \$1,750 deposit is kept to cover the appraisal fee.

HAZARDOUS MATERIALS EMERGENCY RESPONSE ACCOUNT FUND (HMER): The main source of revenue for this fund comes from Company assessment fees. These fees are charged to businesses, e.g., Agway, on an annual basis that use, manufacture or transport hazardous chemicals or materials. The HMER agency sends an invoice to a business asking for composition and fee calculation for all hazardous materials on-site, the fee amounting to \$75 per each hazardous material. In addition an annual \$100 fee is charged for the agency developing an emergency response plan for any occurrence of an accidental release of hazardous materials, such as a road spill or a release into the atmosphere. The state matches the Company assessments dollar for dollar, subject to funds availability, and forwards the matching to this agency which deposits these monies into this fund.

SPECIAL HAZARDOUS ASSISTANCE RESPONSE TEAM FUND (SHARP): This fund is related to the HMERA fund discussed above in that the SHARP fund is comprised of volunteers who are paged to respond to emergency situations. These individuals operate a HAZMAT (hazardous materials) truck (a self-contained response truck) which aids in the assistance of responding to and cleaning up an accident site. After this team has responded to an accident, this agency will send out a billing to the responsible party for the rendered services. If the team was assisted by another unit, such as a fire company, in taking care of an accident, this agency will make certain that the assisting unit will receive its proper share of the billing.

EMERGENCY MANAGEMENT AGENCY FUND (EMA): This department was included in the 911 Fund from 2012 to 2015 when it was segregated to better track the costs associated with the agency. The agency coordinates efforts with PEMA (Pennsylvania Emergency Management Agency) and FEMA (Federal Emergency Management Agency). They provide comprehensive planning and operational readiness to municipalities, groups, businesses and individuals in preparing for, supporting, and recovering from the impact of natural or man-made disasters. In addition the department oversees the response and mitigation of the impact of hazardous materials and other community risk incidents. The funding for the department comes from Federal and State grants in addition funding from the General Fund.

COURT SPECIAL ADMIN FUND: The Cambria County Clerk of Courts collects court ordered fees monthly and deposits it to the Court Special Admin Fund. The fees include CRN (Court Related Network), Tuition (regular or ARD), and Breathalyzer. The fees are used as approved by the President Judge for court-related imprisonment issues such as drug and alcohol education, or help with the Day Reporting Center, jail, or prisoners.

SUBSTANCE ABUSE FUND: The purpose of this fund is to segregate the substance abuse aspect of the Court Special Admin Fund into a separate fund. A portion of these monies are used for drug prevention programs in local schools and during summer youth fairs hosted by Cambria County Courts.

JAIL/DETENTION FUND: The purpose of this fund is to segregate the jail/detention charges aspect of the Court Special Admin Fund into a separate fund.

PROTECTION FROM ABUSE FUND: A fee of \$150 is charged to defendants of Protection from Abuse orders. That fee will be placed into a separate account and the revenue will be used to pay attorney fees for cases that require an attorney to be court appointed.

VETERAN'S COURT FUND: A fee of \$250 is assessed to defendants that are accepted into the Veteran's Court. That fee will be placed into a specific account and the revenue will be used to help offset the cost of assessments that are not covered by the Veteran's Hospital.

MENTAL HEALTH COURT: The Mental Court was formed in 2015 as a special court to process individuals who have committed a crime and have been evaluated with a Mental Health problem. A plan is designed to treat the individual. The defendant is charged a fee on a case by case level determined by the Judge. The defendant is given treatment through local Behavioral Health agency and they must meet with the Judge on a weekly basis who oversees their case.

COUNTY RECORDS IMPROVEMENT FUND: The Cambria County Recorder of Deeds collects a \$5 fee on each recorded deed. Two dollars (\$2) of the fee can be used by the County to maintain and improve the retention of County records. The remaining three dollars is to be used exclusively by the Recorder of Deeds office to maintain and improve their records retention.

CLERK OF COURTS AUTOMATION FUND: The Clerk of Courts office collects a \$5 fee per new case. This money may be used to improve the Clerk of Courts Office automation (e.g. purchase of computers, printers, computer systems, or installation of new wiring).

PROTHONOTARY AUTOMATION FUND: The Office of Prothonotary collects a \$5 fee per new item recorded (e.g. divorce, custody agreement, etc). This money may be used to improve the Prothonotary's Office automation (e.g. purchase of computers, printers, computer systems, or installation of new wiring).

REGISTER OF WILLS AUTOMATION FUND: The Office of the Register of Wills collects a fee for services provided. This money may be used to improve the Register of Wills automation (e.g. purchase of computers, printers, computer systems or installation of new wiring).

SHERIFF'S AUTOMATION FUND: The Sheriff's automation fee is a \$100 fee charged on each Sheriff's Sale on foreclosed property. The fee is collected and turned over at the end of each month to the Treasurer's Office to be receipted. The funds collected are used for the maintenance of the computer system used for the Sheriff's Office.

CORONER VITAL STATISTICS FUND: The Office of the Coroner receives a vital statistic fee collected by the State Vital Statistics agency. For each death certificate filed with the Registrar, a \$1 (one dollar) fee is charged. The total of all fees collected on each death certificate in Cambria County are remitted by the Commonwealth of PA to the County Coroner each June 30th. The funds are utilized by the Coroner's Office for office improvements, equipment and training

LIQUID FUELS TAX FUND: The County receives grants from the state and federal government to repair or replace county owned bridges. In addition, the County receives a portion of the overall state's liquid fuels tax. The County reallocates a portion of these amounts to all municipalities within Cambria County based upon their requests and final decision of the County Commissioners. The remaining liquid fuels monies are used for bridge repair and maintenance.

HOTEL TAX FUND: Each hotel in Cambria County is responsible for collecting a three percent (3%) room tax, which increased to five percent (5%), effective June 1, 2016, on each room rented on a non-permanent basis. Each hotel remits their collections to the County and the County uses these proceeds for promoting tourism in the area.

PARKS & PLAYGROUNDS FUND: The Parks & Playgrounds Fund is used to account for the accumulation of resources for, and the payment of, operational and capital expenditures of County owned parks and playgrounds.

ACT 13 FUND: Pennsylvania Act 13 of 2012 (Impact Fee) provides for the imposition of an unconventional gas well fee (or impact fee) and these fees are distributed to local and state governments. A portion of the fees established a Marcellus Legacy Fund to be allocated to the Highway Bridge Improvement. The funds under the Marcellus Legacy Funds are distributed to Counties proportionately based on population. The funds are used to replace or repair locally owned, at-risk, deteriorated bridges.

AFFORDABLE HOUSING FUND: The Recorder of Deeds for the County collects a \$13 fee for each deed or mortgage recorded. This fee is remitted to the County at the end of each month. The funds are paid out to the Cambria County Redevelopment Authority on an as needed basis for assisting Cambria County citizens with affordable housing.

REDEVELOPMENT AUTHORITY: This fund receives funds from the state and passes them through to the Redevelopment Authority of Cambria County.

ACT 152 FUND: The Recorder of Deeds for the County collects \$15 fee for each deed or mortgage recorded. This fee is remitted to the County at the end of each month. The funds are paid out to the Cambria County Redevelopment Authority on an as needed basis for assisting with demolition of blighted housing.

DISTRICT ATTORNEY FEDERAL EQUITABLE SHARE: The District Attorney's Federal Equitable sharing account consists of funds derived from assets (including cash) seized by law enforcement for crimes committed under certain PA criminal statutes and subsequently forfeited. When Cambria County Detectives are involved in an investigation that results in charges that are prosecuted federally, the District Attorney's Office has a potential claim to a share of any assets that are forfeited. Any forfeited proceeds the Cambria County District Attorney receives under the Federal Equitable Sharing agreement can be spent under the guidelines of the "Guide to Equitable Sharing for State, Local, and Tribal Law Enforcement Agencies" handbook.

FOSTER GRANDPARENTS FUND: The Foster Grandparent program receives federal funding through the National Senior Service Corporation. The program is made up of individuals sixty (60) years and older who volunteer twenty (20) hours a week and receive a small stipend. These individuals work with children with special needs at head starts, schools, day care centers, emergency shelters, and hospitals.

DRUG & ALCOHOL FUND: The PA Department of Drug & Alcohol and the PA Department of Human Services provide the majority of the funding for this program. This funding is comprised of both state and federal monies. The program provides drug and alcohol treatment programs, prevention programs, counseling and in-home service to Cambria County residents.

HUMAN SERVICES FUND: The PA Department of Human Services provides the majority of the funding for this program. This funding is comprised of all state monies. The fund is used to fill in the gaps of the Human Services agencies (i.e. Area Agency on Aging, Children and Youth, Drug and Alcohol, and Behavioral Health/Intellectual Disabilities & Early Intervention).
