From: Kurt Wolford, Warden

RE: February 2026 Prison Board Report

Prison Board Meeting Warden's Report

Board Meeting: March 11, 2026

Executive Session:

I request an executive session to discuss personnel and security matters.

Personnel:

Transfers:

Assistant Deputy Megan Bursky to Chief Deputy Warden of Finance and Facility Services effective 3/16/2026

Counselor Carmelo Furnari to Chief Deputy Warden of Operations effective 3/16/2026

Captain John Briel to Major of Booking and Admissions effective 3/16/2026

Full time Corrections Officer I Courtney Sinclair to per-diem Corrections Officer

Removals:

Corrections Officer I Leroy Wheeler III remove from payroll 1/30/2026

Operations:

Staff:

- The facility is currently in the process of finalizing post orders for the positions of Major, Captain, Lieutenant, and Counselor. These post orders will clearly outline the daily duties, responsibilities, and expectations associated with each role and are intended to promote consistency, accountability, and effective supervision throughout the facility.
- Staffing levels at the facility have significantly improved following the completion of the most recent academy, and a reduction in overtime has already been observed. Director Smick will be reviewing applications in preparation for scheduling another academy in the near future to continue moving the facility toward full staffing levels for both full-time and per diem personnel.

Operations:

Staff:

- On February 27, 2026, the Cambria County Prison held its fourth official swearing-in ceremony for newly hired staff. These ceremonies are conducted to formally recognize the commitment our employees are making to public service and to emphasize the important role corrections professionals play in the safety and operation of our community.

During this ceremony, we also swore in an honorary Junior Corrections Officer for the first time in the facility's history. This initiative was created as a way to recognize the dedication of our staff while also highlighting the values of service, professionalism, and community that are central to the mission of the Cambria County Prison.

- We completed interviews for the open Major of Booking and Admissions and Chief Deputy Warden of Operations positions. We are currently in the process of scheduling interviews for two Counselor positions and one Captain position as we continue working to fill key roles within the facility.
- Attended a coordination meeting with Court Administrator Arrington and the local Magisterial District Judges to discuss operational needs, opportunities for improvement, and continued collaboration between the courts and the Cambria County Prison. The discussion focused on enhancing efficiency in processes that impact both the facility and outside partner agencies.

Major Maintenance / Facility Updates:

- The facility is currently working in coordination with PrimeCare Medical to repaint and reorganize the medical department. These improvements are intended to create a more professional environment focused on inmate care and well-being while also enhancing operational and security practices within the department to ensure a safe and secure setting for both staff and inmates. The facility would also like to thank PrimeCare Medical for purchasing the paint used for the department as part of this project.
- Through a technology grant received last year, the facility purchased additional security cameras. These cameras have since been installed in previously unmonitored areas of the facility. The addition of this equipment enhances overall video surveillance coverage and strengthens the security of the institution.
- The facility currently has Requests for Proposals (RFPs) posted for a technology vendor to service and maintain the facility's security-related technology systems, as well as for barber services to provide inmate haircuts for the inmate population.
- The facility's new Kronos timekeeping system has officially gone live. Implementation of the system has been in progress for nearly two years and will provide improved functionality for timekeeping, scheduling, and payroll administration.

Training:

- The facility is currently implementing a Field Training Officer (FTO) program in which Lieutenants will serve as field training officers for newly hired staff following completion of the academy. As part of this program, new employees will be reviewed and tested on a designated set of policies and procedures during their first six months of employment. This initiative is intended to strengthen institutional knowledge, reinforce policy compliance, and support the continued development of newly hired corrections officers as the facility transitions through a period of staff retirements.
- Director Jeremy Smick is currently preparing to begin the facility's annual training program for all staff. This year's training will place an emphasis on hands-on instruction, including training on updated lobby security procedures and reinforcing best practices related to housing unit operations. The goal of this training is to ensure staff remain well prepared to safely and professionally perform their duties throughout the facility.

Operations (continued):**Prison Audits:**

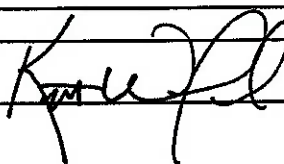

- In February, the Pennsylvania Department of Environmental Protection (DEP) conducted an inspection of the facility's x-ray body scanner and associated radiation safety program. Following the on-site inspection, the DEP reported that the Cambria County Prison was fully compliant and identified no items of noncompliance.
- The facility recently completed a voluntary audit conducted by Inspector Zirpoli. This review examined numerous aspects of facility operations and security practices. Due to the sensitive nature of certain security-related findings, specific details cannot be discussed in a public setting. The facility is currently implementing operational improvements based on the results of this review to further strengthen the safety and security of the institution, the inmate population, and staff.

Miscellaneous:

- During the month, the facility worked with ViaPath to establish an account for the Cambria County Public Defender's Office. This allows inmates to submit electronic requests directly to the Public Defender's Office, a capability that was not previously available. This addition improves communication access for the inmate population and streamlines coordination between the facility and the Public Defender's Office.
- The facility is implementing a professional visitor contraband acknowledgment form for use in the lobby. All professional visitors will be required to complete the form prior to being permitted beyond the lobby area. This measure is intended to reinforce contraband policies and enhance the safety and security of both staff and inmates.
- The facility is currently working with ViaPath to implement electronic Public Defender application forms on the inmate tablet system. Once implemented, inmates will be able to complete and submit Public Defender applications directly through the tablet platform. The Public Defender's Office will then receive the applications electronically. This initiative is intended to reduce paper usage and improve the efficiency of the application process for inmates seeking legal representation.
- The facility is also working with ViaPath to expand tablet access within the attorney-client rooms. This will allow inmates and their legal representatives to conduct video visits for legal consultation purposes. These visits will occur at no cost to the inmate or the facility and are intended to improve access to legal communication.

Cambria County Prison
Monthly Progress Report
Food Service Department
Feb 2025

Date Completed: March 6th, 2025

Completed by: Shannon Mathis, Food Service Director

In February, our entire kitchen team underwent a change. We brought on board two new population and prep cooks along with a staff diner, who needed some training. This period coincided with a Super Bowl meal sale and the beginning of Ramadan. As a result, we saw a rise in product waste during the first few weeks of the month. I worked closely with the cooks to go over recipes and make sure that the right preparation and production practices were being adhered to. I'm pleased to say that we are now headed in the right direction to lower our tray costs in March.

Monthly Cost Per Meal (CPM)

January: \$1.28

Feb: \$1.54

Up-coming Months:

I really have to review the training for new hires with the kitchen officers. Managing the training for multiple new employees alone is quite challenging. Additionally, I will keep focusing on reducing product waste and setting up systems that are straightforward to use.

February 2026 Training Report **March 2026 Outlook**

TRAINING OPERATIONS REPORT

February focused on advancing the Training Academy curriculum and preparing corrections cadets for their transition to the open floor. Operational objectives regarding equipment compliance and recruitment outreach were also successfully met.

Training Academy Operations

- **Cadet Readiness:** Continued implementation of the core curriculum to ensure cadets are fully prepared for floor assignments.

Equipment and Compliance

- **Nu-Tech Body Scanner:** Successfully completed comprehensive staff training on the Nu-Tech body scanner unit.
- **Regulatory Compliance:** Following equipment training, I oversaw the audit process to ensure full compliance with Department of Environmental Protection (DEP) regulations. All staff are now in full alignment with requirements.

Recruitment and Outreach

- **Job Fair Strategy:** We have proactively secured our involvement in the upcoming recruitment cycle.
- **March Outlook:** Three (3) job fairs are confirmed for the month of March to bolster future hiring efforts.

March Outlook

Recruitment & Personnel Development

- **April Academy Selection:** Conduct formal interviews to select the candidate pool for the upcoming April training class.
- **Post-Graduate Evaluation:** Maintain ongoing monitoring and performance evaluations for the most recently graduated Corrections Officer class to ensure successful field integration.
- **Continuous Improvement:** Research and integrate advanced instructional techniques to enhance the curriculum for future correction cadets.

Annual & Specialized Training

- **In-Service Training Launch:** Initiate the 2026 annual training cycle for all current Corrections Officers and departmental support staff.
- **Medical Staff Integration:** Coordinate and complete comprehensive facility security training for PrimeCare medical personnel.

Tactical Operations & CERT

- **Curriculum Development:** Finalize the updated defensive tactics and specialized curriculum for the CERT (Correctional Emergency Response Team) training scheduled for April.
